# MEETING TUESDAY ON HOSPITAL DISPUTE

## Navy Fliers Shoot Down 2 Red Fighter Aircraft

### Chinese Planes Felled During Rescue Search

**Admiral Tells York  
Carrier Airmen To  
Be Quick On Trigger**

**WASHINGTON** — American Navy planes searching for survivors of a Communist-downed British airliner came under fire from Red Chinese planes and a Communist gunboat last night and shot down two of the attacking planes. There were no U.S. casualties.

The State Department announced the incident today with a denunciation of "Chinese Communist brutality" in attempting to interfere with a humanitarian rescue.

In a quick followup, Adm. Felix Stump, commander-in-chief of the Pacific Fleet, said U.S. fliers are under instruction to be "quick on the trigger" if a hostile pass is made at them.

Stump said the policy is this: "If any U. S. plane is attacked or approached with obvious hostile intent, it will fire back. In other words, you don't have to wait and get your head blown off to shoot back."

In Congress, there were prompt expressions of support for the action of the U. S. airmen.

**HOUSE SPEAKER** Martin (R-Mass) said: "If the Chinese Reds attack rescue ships on the high seas, there was no other alternative for the U. S. planes but to shoot back. We must let them know that we are ready to protect all of our rights."

Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader, said "Regardless of the details, the fact still remains that the Chinese Communists are shooting at our men. There can be no partisanship or divided loyalties on any issue."

Adm. Stump identified the carriers which were sent to the rescue areas as the Philippine Sea and the Hornet. He would not give details as to the types

### Texas Governor Faces New Test

**DALLAS** — Gov. Allan Shivers, who led Texas Democrats' bolt to Republican Dwight D. Eisenhower in 1952, faces a runoff election in his bid for an unprecedented third term.

His opponent: Ralph Yarborough champion of the "Loyalists" who stuck with Democrat Adlai Stevenson in the presidential race.

Unofficial returns from Saturday's first Democratic primary gave the conservative Shivers a 7,158 lead over Yarborough, not enough in the four-man race to avoid an Aug. 28 second primary.

### Smilin' Ed Dies

**NEWPORT BEACH**, Calif. — Smilin' Ed McConnell, 62, whose show for children has been on radio for 32 years, was found dead Saturday in the cabin of his cruiser here. The coroner said he probably died Friday night of a heart attack.

Fair tonight. Low, 55-62. Tuesday mostly sunny and warm. Yesterday's high 89; low, 55. At 8 a.m. today, 65. Year ago, high, 85; low, 55.

### Chinese Commies 'So Sorry' They Shot Down Big Airliner

**TOKYO** — Communist China apologized to Britain today for shooting down a British airliner over the south China Sea Friday with an apparent loss of 10 lives, including three Americans.

A Peiping radio broadcast heard here said Red patrol planes thought the transport was Chinese Nationalist. It expressed a willingness to consider paying damages.

The apology, virtually unprecedented since the Red regime took over the Chinese mainland, was in a note to British Charge d'Affaires Humphrey Trevelen from Chang Han-fun, Red Chinese vice minister for foreign affairs.

Britain protested the shooting Saturday night and U.S. Secretary of State John Foster Dulles charged the airliner was "deliberately shot down." Two American aircraft carriers, the Hornet and the Philippine Sea, were ordered to the scene to protect the continuing search for the nine missing persons. Eight survivors were rescued.

The conciliatory note, a reply to a British protest, seemed to tie in with Peiping's current line of propaganda aimed at getting a United Nations seat at the expense of the Nationalists, by wooing Britain and France and denouncing the United States.

Later in the same broadcast, the Red radio told of a recently shooting down a "U.S.-made Kuman-

The Peiping broadcast said the

tang (Nationalist) plane over Chekiang province." It added:

"If the U.S. imperialists order the Chiang brigands to send any more planes in provocative action against us we will shoot them down as we have done before."

The note said shooting down of the Cathay Pacific Airlines Skymaster over Hainan Island was "entirely accidental" and an "unfortunate incident."

It extends its sympathy, concern and condolences to the dead and injured in this incident and to their relatives. It is willing to give consideration to the payment of appropriate benefit and compensation for the loss of life and property damage involved."

The broadcast denounced Nationalist China and said Red fighters identified the British transport as "an aircraft of the Chiang Kai-shek gang."

"While carrying out patrol duty over Port Yulin of Hainan Island," the broadcast said, the fighters spotted the airliner "and fighting took place."

"Upon receiving this report, the movement of the carriers into Chinese waters was regarded in Washington as a show of strength to impress upon the Reds the gravity of the situation.

The Peiping broadcast said the

### Lake Folly Rising With Political Tide

Pickaway county's Monument to Political Folly—Memorial lake that was conceived and designed under a Republican administration, constructed under the Democrats and then found to be so faulty it would not hold water, is becoming more and more of a political football.

James Rhodes, the Republican candidate for governor, promises that he will see that the lake is completed if he is elected. Governor Lausche voices hope for completion. This is election year in which both men are seeking approval of Ohio voters. Pickaway county voters show no interest in campaign year promises and are awaiting visual proof of intent on the part of officials

to complete the work that has been started.

In the Ohio legislature on the basis of figures submitted by conservation department "engineers" appropriated \$150,000 for construction of the lake. Construction work was completed and the project condemned. Last year the legislature appropriated an additional \$149,000 for the lake. This money was not spent and as the cleared lake land rapidly reverted to brush another group of "engineers" scanned the project and came up with a figure of \$500,000 to correct the original \$150,000 error.

Lake Folly was one of seven poorly designed and poorly constructed lakes projected in 1951. All of the lakes except Folly have been reconstructed or diverted to other recreational uses. All that has gone into the Pickaway county project have been promises and expressed hopes. From all present indications and despite claims of both Republican and Democratic politicians nothing else may be expected. Pickaway county always has been a stepchild of the party in power in Columbus and nothing in the situation today indicates any change of heart.

**RAY TUCKER** — Tells how President Eisenhower has notified labor of an important change in the national administration's policy toward labor-management controversies. No revision of the Taft-Hartley Act was necessary, but the chances are far-reaching for both labor and management. See the editorial page.

**JAMES MARLOW** — Says that President Eisenhower's proposed \$50 billion highway program for the next 10 years will be only part of the amount spent for that purpose during the next decade. Marlow figures the total proposed for highway modernization can be more than \$87 billion. See page 6.

**HAL BOYLE** — Claims Denise Darcel has decided "cheesecake" photographs have done her career far more harm than good. She has decided, says Boyle, to depend more on her talent from now on. See page 7.

**BELL PHONE RATE BATTLE OPENS AGAIN**

COLUMBUS — The battle of cities fighting the Ohio Bell Telephone Co. request for an \$8,913,000 annual rate increase resumed today before the Public Utilities Commission of Ohio with the cities offering testimony that rates should be cut, not raised.

First witnesses today were Edward Knab, the commission's chief accountant, and Paul E. Reed, the commission's assistant chief engineer. They testified about their report to the commission on the company's application.

Knab discussed the application from an accounting standpoint,

delving into actual revenues and expenses and proposed revenues.

Reed studied the company's figures involved in its requested rate base. These figures represent the company's property value.

It appeared the first expert witness, Arnold Hirsch of Washington, D.C., would not get a chance to testify today. A financial expert who has testified in numerous utility cases, he was hired by the city of Cleveland.

Hirsch recently filed his written testimony with the commission. He concluded the company not only should be denied the rate increase but that the commission should order the company to reduce its rates by up to \$15 million a year.

Another expert witness who will testify later on in the hearing is William Wasiek, utilities director of Akron. In his written testimony he said telephone rates should be cut instead of increased.

The cities contend the company's rate base is too high.

**OHIOAN DROWNS**

PETERBOROUGH, Ont. — A motorboat upset in Rice Lake near here yesterday drowning Mrs. H. Flowers, 49, of Warren, Ohio.

The boat capsized during a sudden hail storm. Two other Warren residents were rescued.

**KEEPING SCORE ON THE DROUGHT**

Precipitation here for 24-hour period ending 8 a.m. today: none. River, 2.38 ft.

Normal rainfall in inches for this month in Circleville area: 3.50.

Actual rainfall so far this month in Circleville area: 2.40.

Score this month:

**BEHIND 1.10 INCH**

Normal rainfall in inches for June for this district: 4.17. Actual rainfall last month in this district: 2.80.

Normal rainfall for first six months in this district: 21.21. Actual rainfall for first six months in this district: 16.16.

Such a proposal was shelved earlier by House vote but President Eisenhower has vowed to push the legislation as long as he is in office. He says his plan might forestall a more drastic solution to a public need for better health care programs.

Rhee is likely to ask, according to Seoul dispatches, for military equipment and transport to equip at least 10 and perhaps 20 more divisions than the 20 South Korea already has. He also is expected to seek a boost in the rate of U.S. economic aid, now running \$200 million a year.

**POLICE GROUP MEETS**

COLUMBUS — The 20th annual conference of the Fraternal Order of Police of Ohio, Inc., opened its three-day meet here yesterday. Also meeting with the group is its auxiliary and the F.O.P. association.

### Rainfall, Crop Report For County Area

Regardless of what our personal opinions may be, the wheat vote passed last week. Because of this fact it is more important than ever that new meadows be established in small grain stubble to get the greatest return from farm acres and cooperate in the 1955 government farm program.

The recent heavy rain has revived many new meadows, old sods and corn. According to most research evidence it is to the advantage of meadow seedlings to remove the straw from grain fields.

Many stubble fields in the county still have straw in them. Plans should be made now for the 1955 crop year in order that grain acreage allotments can be followed and fields or parts of fields will not be growing up in weeds.

Lack of feed continues to be the major cause of livestock trouble in Pickaway County. High quality roughage in the form of hay and pasture is the most economical source of increased live-stock feed supply.

Present and predicted future live-

stock prices indicate the necessity for more efficient production and gains if a reasonable margin of profit is to be realized. An abundance of hay and pasture supplemented with grain will help to produce milk, beef and pork at a lower cost.

Recent rains changed the county corn and pasture outlook overnight. However, soil moisture is still much deficient. Near normal rainfall is needed the remainder of this growing season to insure adequate pasture and an average corn crop for this year and hay and pasture for next year.

## Red Rebels Attack Below Cease-Fire Line

**Peiping Radio Blares Pledge To 'Liberate' All Of Viet Nam**

SAIGON, Indochina (AP) — Vietminh forces stabbed southward in Viet Nam over the weekend, striking far below the dividing line set in the imminent cease-fire.

The new attack, 180 miles northeast of Saigon, came as Peiping radio trumpeted a pledge by Red Vietminh chief Ho Chi Minh to "liberate" the lower half of the partitioned Indochina state.

In North Viet Nam, which formally passes into Vietminh hands tomorrow under the Geneva agreement, the French got ready to evacuate up to one million civilians and fighting men. The giant operation is to begin Wednesday.

A French high command spokesman said the rebel attack in the South began Saturday. He said the Vietminh struck at Nha Trang, on the China Sea coast. Rebel commandos sabotaged several bridges in Nha Trang after Vietminh artillery had bombarded the coastal town's defenses.

**THE REBELS** also attacked French and Vietnamese positions at Qui Nhon, 100 miles north of Nha Trang, and struck at Tuy Hoa, midway between the two towns.

Other Vietminh forces brought pressure on Cheo Reo, a post 60 miles southwest of Qui Nhon on central Viet Nam's plateau. Gen. Paul Ely, French commander in chief in Indochina, warned the rebels they face air retaliation.

The stepup of fighting in the South, just as the cease-fire is about to go into effect, appeared based on a Vietminh desire to show strength to communities which will not be under their control.

Peiping radio has broadcast statements by both Ho and Vietminh Gen. Vo Nguyen Giap to the effect that South Viet Nam was only temporarily in French hands, regardless of the cease-fire.

He was quoted as saying, "The demarcation line does not mean the political and territorial border line. North, central and south Viet Nam are inseparable parts of our nation's territory. We assure the people of each region that they will be liberated."

Jacques Compain, French civilian director general in North Viet Nam, said he hoped to fly out 300 French civilians and 500 Vietnamese Wednesday. By mid-August, he expects the operation to hit high gear with about 1,000 flying out daily and another 4,000 a day going by ship from Haiphong, 65 miles east of Hanoi, to Saigon, 700 miles southward.

Evacuation of the Hanoi area must be completed within 80 days after the July 27 cease-fire. Military units can remain in Haiphong up to 300 days.

The cease-fire will be supervised by a three-nation commission, India, Communist Poland and Canada. India has accepted chairmanship of the commission. Peiping radio announced last night Poland also had agreed to serve on the group.

## Glenn Strawn Still Not Conscious But Improving Slightly

First signs of regaining consciousness have been detected in Glenn Strawn, the 29-year-old Lancaster man "critically" injured in a car crash south of Circleville July 6.

According to Dr. Martin P. Sayers, a Columbus brain specialist attending him there, Strawn has begun to open his eyes briefly. He has been in a virtual "coma" since the accident, the doctor explained.

Dr. Sayers said he believes Strawn may be on the road to at least "partial recovery." How far up that road the husky Strawn can travel cannot be determined yet, Dr. Sayers said.

Strawn was waiting to make a

left turn off Route 23 two miles south of here when his south-bound car was struck from the rear by a second car. Strawn's car was hurled head-on into the path of an oncoming truck by the impact.

AMONG his many injuries were a skull fracture and six fractured right ribs. Strawn was taken to Berger Hospital and later transferred to Mt. Carmel Hospital in Columbus. He has never regained full consciousness.

Dr. Sayers explained that fluid has been collecting in strawn's brain as the result of the injury to his head. The doctor pointed out that as long as this fluid could be drained off Strawn would have a chance.

Two operations have been performed so far, Dr. Sayers said, to help the draining. He said that there was no other operation immediately planned.

Strawn is still on the "critical" list but his progress has shown a definite improvement, the doctor said. Strawn is a 195 pound six-footer.

## Skater Falls, Hurt

A 27-year-old Toledo man slipped and fell while skating at Gold Cliff Park Sunday afternoon. According

## Chinese Planes Felled During Rescue Search

(Continued from Page One) of Chinese and American planes which took part in the incident.

Stump said that orders to fight if attacked have been traditional throughout U. S. history "in peace or war."

The admiral said the American planes were "well without the territorial limits" of Red China when the attack took place. There was some discussion over whether these limits were three or 12 miles off shore.

Stump commented, "The three-mile limit is very well recognized although some claim different territorial limits."

However, he did not say just how far off shore the U. S. planes were flying at the time.

First word of the latest incident came from the State Department.

A department announcement said there were no casualties on the American side, and emphasized that the Red planes made their attack "over the high seas."

It said: "The United States plans to protest most vigorously against this further evidence of Chinese Communist brutality and their belligerent interference with a humanitarian rescue operation being conducted over the high seas."

The American fighters were from the two United States aircraft carriers ordered into the area Saturday to "protect further rescue and search operations" launched after Chinese Communist fighters shot down a British Cathay Pacific airliner on a flight from Bangkok to Hong Kong.

White House press secretary James C. Hagerty said President Eisenhower was "fully informed" regarding the incident.

Hagerty added that Eisenhower has "kept in close touch with the entire situation," both the shooting down of the British airliner and the shooting down of the two Communist planes.

Asked whether Eisenhower regards the matter as "truly serious" Hagerty had no comment.

**THE COMMUNIST** Radio announced today that the Peiping government was apologizing to Britain for the attack on the airliner. It said the Red pilots thought the plane was Chinese Nationalist.

Ten persons, including three Americans, apparently lost their lives after the airliner crashed into the sea. Latest reports indicate this survived.

The announcement did not identify the area of the shooting. But the British airliner was shot down some 30 miles south of the Red-topped island of Hainan.

Over the weekend, top American officials had made it known that they would demand stiff compensation for the three Americans lost:

Leonard Lee Parish, of Iowa Park, Tex., and his two sons Lawrence, 4, and Philip, 2.

His wife and daughter, Valerie, 6, survived.

The rescue of survivors was carried out by a United States SA16 Albatross amphibious plane under the very noses of the Reds. It flew from Clark Field, near Manila.

The pilot, Capt. Jack L. Woodward, said the Reds seemed intent on killing all aboard the British plane.

"It seemed to me they were trying to make darn sure there would

be no survivors," he said after he returned to Clark Field.

**THE RESCUERS** set their plane down in the protection of a small island about 2½ miles from where the survivors were huddled on a small raft. Seas were running high but the Albatross taxied closer and tossed lines to the people on the raft.

The survivors were dazed, Woodard said. "They just didn't say anything as they were helped aboard. The little girl cried a bit but that was all. They were in a state of shock. They appeared unable to comprehend what was happening."

Radio operator Lawrence Rodriguez, 20, of Carpinteria, Calif., said, "It was worthy my whole life to pull that little girl out."

Officers at Clark Field said the rescue was one of the most outstanding in Air Force history. While the Albatross was en route, the plane received a message that the Chinese Reds in Canton had warned military aircraft to stay away from the scene.

Woodard kept right on going. He said, however, he didn't know the Reds had said "any military aircraft approaching the area would be shot down."

Two operations have been performed so far, Dr. Sayers said, to help the draining. He said that there was no other operation immediately planned.

Strawn is still on the "critical" list but his progress has shown a definite improvement, the doctor said. Strawn is a 195 pound six-footer.

## DEATHS AND FUNERALS

ROSEMARY IRVIN

Rosemary Irvin, twelve-day-old daughter of Ernest and Dorothy Morrow Irvin of Williamsport, died at 7:30 p.m. Sunday in Berger hospital.

Surviving her in addition to her parents are her grandparents: Mrs. Grace Sowards of Williamsport, Mrs. Marie Morrow of Cleveland, Arbie Morrow of Newark, and Charles Irvin of St. Petersburg, Fla.

Funeral services will be held at 2:30 p.m. Tuesday in Defenbaugh Funeral Home with the Rev. John DeVoll officiating. Burial will be in Spring Lawn Cemetery, Williamsport.

Friends may call in the funeral home after 6 p.m. Monday.

WASHINGTON (AP) — The Senate

## Senate GOP Loses In Bid To End Talk

Upper House Votes Against Cloture Move Filed By Knowland

WASHINGTON (AP) — The Senate today beat down a determined effort by Republican leaders to end debate on the atomic energy bill.

On a rollcall vote, motion by GOP Leader Knowland of California to invoke cloture, restricting all future debate to one hour for each senator, received the support of 44 senators while 42 opposed. It would have required a two-thirds vote of the full Senate, or 64, to pass the motion.

In advance of the vote, Knowland told the Senate he had "no illusions" about a chance to win, and warned of "even more drastic" steps possible if he doesn't.

"If there was ever a time when cloture was in order," he said, "in my judgment this is the time."

He gave no hint as to what these "drastic" steps might be.

Knowland earlier had said after a White House conference that he would "not surrender."

He said President Eisenhower and congressional leaders agreed that a Senate filibuster must not be permitted to block action on the administration's legislative program "even if it requires that Congress continue in session several additional weeks."

\* \* \*

**KNOWLAND SAID** the atomic energy bill under no circumstances will be put aside until the Senate has had a chance to vote on it.

He said also that the Senate will be kept "in continuous session" until the bill and its amendments have been voted on.

Knowland said that when action on the atomic energy bill has been completed the Senate will then turn to action on legislation dealing with foreign aid, farm problems and social security.

Knowland's statement still left unanswered some other questions:

Would the score or so of opposing Democrats, aided by Senators Morse (Ind-D), andanger (R-ND), continue the wordy fight when, in the words of Sen. Gore (D-Tenn.), "I now doubt that we can win."

The House tentatively okayed the bill Saturday. All that remained was the formality of rollcalls.

Generally, the bill would revise the 1946 Atomic Energy Act to allow the government to give some information to U. S. Allies on the use of atomic weapons, and to allow private industry to play a major role in developing peaceful power from atomic fuels.

Administration lieutenants disagree with opponents' contentions that the bill would pave the way for a huge "giveaway" of atomic resources.

Supporters of the Tennessee Valley Authority are particularly interested over a provision ordering the Atomic Energy Commission to contract with a private power company to supply customers in the TVA area.

Radio operator Lawrence Rodriguez, 20, of Carpinteria, Calif., said, "It was worthy my whole life to pull that little girl out."

Officers at Clark Field said the rescue was one of the most outstanding in Air Force history. While the Albatross was en route, the plane received a message that the Chinese Reds in Canton had warned military aircraft to stay away from the scene.

Woodard kept right on going. He said, however, he didn't know the Reds had said "any military aircraft approaching the area would be shot down."

Two operations have been performed so far, Dr. Sayers said, to help the draining. He said that there was no other operation immediately planned.

## MARKETS

GRAIN FUTURES  
CHICAGO (AP) — A heavy buying movement swept soybeans up 10 cents and brought gains in corn running to more than 5 cents on the Board of Trade today.

While the performance of these two cereals stood out, the rest of the market also was quite firm. May wheat ran up nearly four cents following Friday's farmer approval of marketing quotas on the 1955 crop.

Wheat near noon was 1 1/4 - 3 1/4 higher, September \$2.11, corn 3 1/4-5 1/4 higher, September \$1.63 1/4 oats 2 1/4-2 1/2 higher, September \$1.74 1/4 rye 2 1/4 to 3 cents higher, September \$1.18 1/4 soybeans 10 cents higher, September \$3.13 1/4 and lard 30 to 37 cents a hundred pounds higher, September \$1.45.

Three accidents—four people injured. That is the record over the weekend according to reports from the sheriff's department.

At 9:30 p.m. Friday, Mrs. Beatrice Young, 42, received a bruised right knee and right side when the car in which she was riding collided with another on Route 23 at Dupont Rd., south of the city limits.

Ralph E. Young, 41, of 308 Cedar Heights Rd. told Deputy Sheriff Carl White that Mrs. Young was a

hurt when a car backed out of a ditch on the right side of the road into the northbound traffic lane in which he was traveling.

As a result, Deputy White arrested James H. Snyder, 31

## Red Rebels Attack Below Cease-Fire Line

**Peiping Radio Blares Pledge To 'Liberate' All Of Viet Nam**

SAIGON, Indochina (P) — Vietminh forces stabbed southward in Viet Nam over the weekend, striking far below the dividing line set in the imminent cease-fire.

The new attack, 180 miles northeast of Saigon, came as Peiping radio trumpeted a pledge by Red Vietminh chief Ho Chi Minh to "liberate" the lower half of the partitioned Indochina state.

In North Viet Nam, which formally passes into Vietminh hands tomorrow under the Geneva agreement, the French got ready to evacuate up to one million civilians and fighting men. The giant operation is to begin Wednesday.

A French high command spokesman said the rebel attack in the South began Saturday. He said the Vietminh struck at Nha Trang, on the China Sea coast. Rebel commandos sabotaged several bridges in Nha Trang after Vietminh artillery had bombarded the coastal town's defenses.

**THE REBELS** also attacked French and Vietnamese positions at Qui Nhon, 100 miles north of Nha Trang, and struck at Tuy Hoa, midway between the two towns.

Other Vietminh forces brought pressure on Cheo Reo, a post 60 miles southwest of Qui Nhon on central Viet Nam's plateau. Gen. Paul Ely, French commander in chief in Indochina, warned the rebels they face air retaliation.

The stepup of fighting in the South, just as the cease-fire is about to go into effect, appeared based on a Vietminh desire to show strength to communities which will not be under their control.

Peiping radio has broadcast statements by both Ho and Vietminh Gen. Vo Nguyen Giap to the effect that South Viet Nam was only temporarily in French hands, regardless of the cease-fire.

He was quoted as saying, "The demarcation line does not mean the political and territorial border line. North, central and south Viet Nam are inseparable parts of our nation's territory. We assure the people of each region that they will be liberated."

Mrs. Leonard Boysell and son of Circleville Route 1 were released Saturday from Berger hospital.

Mrs. Raymond Smith and daughter were released Saturday from Berger hospital to their home on Ashville Route 2.

Clinton Mougey of Amanda Route 2, formerly of Circleville, is a surgical patient in White Cross Hospital, Columbus. He is in room 308.

left turn off Route 23 two miles south of here when his south-bound car was struck from the rear by a second car. Strawn's car was hurled head-on into the path of an oncoming truck by the impact.

AMONG his many injuries were a skull fracture and six fractured right ribs. Strawn was taken to Berger Hospital and later transferred to Mt. Carmel Hospital in Columbus. He has never regained full consciousness.

Dr. Sayers explained that fluid has been collecting in strawn's brain as the result of the injury to his head. The doctor pointed out that as long as this fluid could be drained off Strawn would have a chance.

Two operations have been performed so far, Dr. Sayers said, to help the draining. He said that there was no other operation immediately planned.

Strawn is still on the "critical" list but his progress has shown a definite improvement, the doctor said. Strawn is a 195 pound six-footer.

**Mrs. Charles Winner of 1090 Sunshine Drive** was admitted Monday in Berger hospital as a surgical patient.

He was quoted as saying, "The demarcation line does not mean the political and territorial border line. North, central and south Viet Nam are inseparable parts of our nation's territory. We assure the people of each region that they will be liberated."

**Jacques Complain, French civilian director general in North Viet Nam**, said he hoped to fly out 300 French civilians and 500 Vietnamese Wednesday. By mid-August, he expects the operation to hit high gear with about 1,000 flying out daily and another 4,000 a day going by ship from Haiphong, 65 miles east of Hanoi, to Saigon, 700 miles southward.

Evacuation of the Hanoi area must be completed within 80 days after the July 27 cease-fire. Military units can remain in Haiphong up to 300 days.

The cease-fire will be supervised by a three-nation commission, Indian, Communist Poland and Canada. India has accepted chairmanship of the commission. Peiping radio announced last night Poland also had agreed to serve on the group.

## Glenn Strawn Still Not Conscious But Improving Slightly

First signs of regaining consciousness have been detected in Glenn Strawn, the 29-year old Lancaster man "critically" injured in an auto crash south of Circleville July 6.

According to Dr. Martin P. Sayers, a Columbus brain specialist attending him there, Strawn has begun to open his eyes briefly. He has been in a virtual "coma" since the accident, the doctor explained.

Dr. Sayers said he believes Strawn may be on the road to at least "partial recovery". How far up that road the husky Strawn can travel cannot be determined yet, Dr. Sayers said.

Strawn was waiting to make a

## Chinese Planes Felled During Rescue Search

(Continued from Page One) of Chinese and American planes which took part in the incident.

Stump said that orders to fight back if attacked have been traditional throughout U. S. history "in peace or war."

The admiral said the American planes were "well without the territorial limits" of Red China when the attack took place. There was some discussion over whether these limits were three or 12 miles off shore.

Stump commented, "The three-mile limit is very well recognized although some claim different territorial limits."

However, he did not say just how far off shore the U. S. planes were flying at the time.

First word of the latest incident came from the State Department.

A department announcement said there were no casualties on the American side, and emphasized that the Red planes made their attack "over the high seas."

It said:

"The United States plans to protest most vigorously against this further evidence of Chinese Communist brutality and their belligerent interference with a humanitarian rescue operation being conducted over the high seas."

The American fighters were from the two United States aircraft carriers ordered into the area Saturday to "protect further rescue and search operations" launched after Chinese Communist fighters shot down a British Cathay Pacific airliner on a flight from Bangkok to Hong Kong.

White House press secretary James C. Hagerty said President Eisenhower was "fully informed" regarding the incident.

Hagerty added that Eisenhower has "kept in close touch with the entire situation," both the shooting down of the British airliner and the shooting down of the two Communist planes.

Asked whether Eisenhower regards the matter as "truly serious" Hagerty had no comment.

**THE COMMUNIST** Radio announced today that the Peiping government was apologizing to Britain for the attack on the airliner. It said the Red pilots thought the plane was Chinese Nationalist.

Ten persons, including three Americans, apparently lost their lives after the airliner crashed into the sea. Latest reports indicate eight survived.

The announcement did not identify the area of the shooting. But the British airliner was shot down some 30 miles south of the Red-controlled island of Hainan.

Over the weekend, top American officials had made it known they would demand stiff compensation for the three Americans lost:

Leonard Lee Parish, of Iowa Park, Tex., and his two sons Lawrence, 4, and Philip, 2.

His wife and daughter, Valerie, 6, survived.

The rescue of survivors was carried out by a United States SA16 Albatross amphibious plane under the very noses of the Reds. It flew from Clark Field, near Manila.

The pilot, Capt. Jack I. Woodward, said the Reds seemed intent on killing all aboard the British plane.

"It seemed to me they were trying to make darn sure there would be no survivors," he said after he returned to Clark Field.

**THE RESCUERS** set their plane down in the protection of a small island about 2½ miles from where the survivors were huddled on a small raft. Seas were running high but the Albatross taxied closer and tossed lines to the people on the raft.

The survivors were dazed, Woodyard said. "They just didn't say anything as they were helped aboard. The little girl cried a bit but that was all. They were in a state of shock. They appeared unable to comprehend what had happened."

Radio operator Lawrence Rodriguez, 20, of Carpinteria, Calif., said, "It was worthy my whole career to pull that little girl out."

Officers at Clark Field said the rescue was one of the most outstanding in Air Force history. While the Albatross was en route, the plane received a message that the Chinese Reds in Canton had warned military aircraft to stay away from the scene.

Woodyard kept right on going. He said, however, he didn't know the Reds had said "any military aircraft approaching the area would be shot down."

to Deputy Sheriff Carl Radcliff, Robert A. Wogerman broke his left arm at the wrist and was treated at Berger Hospital.

## Ohio Readies Court Action In Aid Fuss

Harrison County Stand On Federal Funds To Be Tested In Court

COLUMBUS (P) — Ohio is going to court in a home rule dispute over \$3 million in federal aid.

But officials apparently hope the Legislature or Congress will ease them off the horns of their dilemma before a decision on the issue. They aren't sure of winning.

Gov. Frank J. Lausche finally passed the word for Atty. Gen. C. William O'Neill to bring suit against Harrison County in Eastern Ohio.

The action is aimed at forcing the coal mining county of 19,000 residents to accept about \$400 a year its commissioners say they don't need and don't want.

The money would be sliced from some three millions in annual grants for the care of totally and permanently disabled Ohioans. All 88 Ohio counties must participate in the program for the disabled or the federal grants will be cut off under 1950 Social Security Law changes.

Harrison County commissioners for nearly four years have spurned federal handouts. They insist their poor relief program is adequate for their few needy; that they prefer home rule to the so-called welfare state.

State officials say they, too, favor the home rule practice of letting local governments handle their own affairs. But they add that a prospective shortage in statewide poor relief money for the fiscal year makes federal funds for the disabled look necessary.

The separate program of aid for the disabled, now handled by the Federal Department of Health, Education and Welfare, was designed to ease poor relief problems.

But Ohio's poor relief case load increased from 13,418 last October to 21,423 in May. Officials said most cases averaged three persons.

Statewide poor relief cost \$2,551,160 last May. The state contributed \$1,103,295 of that sum in "matching money" to local governments.

Officials said the case load remained relatively stable in recent months. But they added that an 8½ million dollar appropriation would not last through the fiscal year ending next July if "matching" continued at the rate of more than a million a month. The state drew 1½ millions from other funds to meet its poor relief obligations in the last fiscal year.

Harrison County's poor relief cases increased from 78 cases last October to 104 in May and 117 last month. The county spent \$5,649 on poor relief last May.

In an effort to induce commissioners to set up a program for their disabled, the state withheld poor relief "matching" money from Harrison County. But officials recently relented and sent the county its half-year share of

## Turtle Flunks Her Swim Test

ROME, N. Y. (P) — This turtle named Myrtle had a college education but she flunked in swimming.

Myrtle was among the chosen few who helped great scientists in California study the habits of land turtles. Then last April she came to Rome and became the pet of 12-year-old Billy Messenger.

But Billy went to camp this summer. And some other children who didn't know Myrtle apparently thought she was thirsty and put her in water. Myrtle drowned.

## 2 Columbus Lads Stabbed In Fight

COLUMBUS (P) — Two youths were stabbed here yesterday in a savage street fight between two teen-age gangs.

Police said the fight started about 12 boys passed another crowd and made remarks about the girls in the company. One youth, 17, was slashed three times across the stomach. A 16-year-old boy was stabbed in the left side. Investigators said broken bottles and knives were used in the fight.

## Man Admits Theft From Own Mother

BALTIMORE (P) — Robert J. Smith, 22, admitted to police that he stole and pawned his mother's sewing machine.

When asked why, he answered: "I guess I stole it to buy a drink." "Pretty low," said Judge William F. Laukaitis. He sentenced Smith to six months in jail.

"matching money" totaling \$16,731. The county got an additional \$2951 for July.

A survey last October turned up only a dozen county residents eligible for aid to the disabled. Officials said others probably could qualify but failed to apply because of the county's stand against the program. They said disabled payments would be about the same as those received under county poor relief operations.

Officials said those receiving totally and permanently disabled aid throughout the state live largely in cities. The number increased from 6,578 last October to 7,088 in May. Payments averaged about \$50 a month.

Cities long have been ardent advocates of home rule but are among the most insistent against the currently threatened loss of federal funds, observers report.

Because attorneys aren't sure they can win a court order against Harrison County, officials hope state or federal law-makers will act to prevent any loss to Ohio.

Two Ohio legislatures have refused to authorize state participation in the federal program without approval of Harrison County. Congress has failed to act on similar proposals.

With county commissioners showing no signs of relenting, officials expect the waiting game to continue in the hope that solution can be reached before a final showdown.

Attorney General O'Neill says court action can not be taken until next fall. The Legislature doesn't return until next year.

## Orient, Ashville Boys Listed On All-Ohio Band

At least two Pickaway County boys will be among 300 hand-picked musicians who will make up the All-Ohio Boys Band, scheduled as one of the main attractions of the Ohio State Fair in Columbus, Aug. 27-Sept. 3. The band will represent the best from high school bands and players throughout the state.

Among the young musicians already chosen from this area are: James Frim of 7002 Borror Road, Orient Route 2, playing the bassoon, and Joe Caldwell of Ashville Route 2, playing the saxophone.

Under the direction of Dr. Louis E. Pete, of Ashland, the band will play a formal concert each evening in front of the bandstand. During the day the band will be divided into two units to play for a wide variety of functions on the fairgrounds.

For 22 years since 1932, Dr. Pete has been in contact with band musicians through his position as director of music of Ashland High School. The fame of his trained group has spread throughout the country, bringing inquiries from state fair managements in New York, Florida, Wisconsin and Missouri.

Members of the All-Ohio band will arrive in Columbus on Sunday, Aug. 22, and will spend the week previous to the fair in rehearsals.

They will live together in barracks, eat at the fairground's cafeteria and practice under the discipline of Dr. Pete and his staff of assistants.

The 51st is the third air wing of the U. S. 5th Air Force to be pulled out for modernization.

Armistice terms prevent United Nations forces from introducing new combat materiel into Korea. Hence outmoded air groups are withdrawn to areas outside Korea for modernization.

The 51st is the third air wing of the U. S. 5th Air Force to be pulled out for modernization.

## District Sales Tax Nets Another Gain

Sales tax receipts in Pickaway County went into the new fiscal year holding a substantial margin of gain over the corresponding period of last year.

The county's gain for the whole fiscal year ended July 1 was more than seven percent above the preceding 12-month period—a margin above the statewide average increase.

Meanwhile, State Treasurer Roger W. Tracy reported sales tax receipts in this district for the first 10 days of the new fiscal year were \$8,205,19, as compared with a total of \$7,581,23 for the corresponding period of 1953. The latest increase noted for Pickaway County was all the more impressive alongside a slight statewide decline reported for the first 10 days of this month.

Sales tax receipts are widely regarded as a good way to trace business trends.

## 3 Small Fires Set In Akron Church

AKRON (P) — Police today were seeking an arsonist who set three small fires in St. Mary's Catholic Church.

Firemen, who estimated damages to the church at \$400, said one blaze was set yesterday in a confessional, a second one in a metal tray around a candelabra, and a third by burning paper in one of the church pews.

110th Consecutive Term Is Declined

EAST PERORIA, Ill. (P)—At the age of 82 and with his eyesight not what it used to be, Beach H. Reichelderfer feels he has served long enough as recording secretary of the Odd Fellows lodge.

Reichelderfer, first elected in 1899, declined Saturday nomination for a 110th consecutive six-month term of office.

The above price does not include re-setting furnace, taking out Stoker or replacing heat or smoke pipes.

## CITY UNDER PALL

WHAT IRRESPONSIBLE labor practices can do to a community is reflected in a St. Louis grand jury report which finds a number of businesses beginning to flee that Missouri metropolis. The jury, which was especially critical of teamster union activities after several months of investigation, said that some firms employing more than 1,000 workers were abandoning the St. Louis area.

With joblessness growing to more than 50,000, the city was placed on the Labor Department's critical employment area list. The frightful lesson in all this is that when the delicate balance in community life is thrown out of kilter, everybody suffers, labor as well as management. The jury cited instances of labor lawlessness through goon squad violence; racketeering through union assignment of incompetent workmen—especially in the construction trades—and loose management of union funds.

The cumulative effect of such activities is to tear down in the span of a few years the painstaking effort that has gone into building a great city. St. Louis is far from finished, because St. Louis is fighting back. Disclosure is the first long step to corrective action. Several union leaders are under indictment and other citations may now be expected. But in the final analysis it is up to the self-respecting unionists to cleanse their own nest.

## ADVERSITY'S USES

ONE WRITER OF business topics, taking notes of union demands for government spending to bring prosperity up to still higher levels, makes the thoughtful point that if all facets of business activity constantly operated at capacity there might be little progress.

It is recalled that the depression 30s put searchers for new ideas on their toes. Inventors came up with a whole string of new gadgets. The war in their early 40s prevented their being put on the market. Since 1946 these new ideas have been marketed in great volume, the market is saturated with some of them and merchandising has entered an intensified stage.

If the government intervened, an inflationary shot in the arm would act as a deterrent to the search for new ideas to create demands on the part of buyers. This writer argues that if, during the past century, the government had been able to keep prosperity at full tide, railroads might never have replaced canals or automobiles the horse and buggy simply because there would have been no incentive to improve.

Perhaps the American people would have been ambitious enough to step out despite government coddling. But the thought that business slowdowns act as spurs to hu-

man ambition and contribute to progress is certainly logical.

George E. Sokolsky's

## These Days

It is not generally discussed but one of the reasons for the proliferation of foundations is the tax structure of our country. Many businesses, whose development cost blood, sweat and tears—to use a phrase—would have to go out of existence or be reduced by the sale of valuable properties, to meet inheritance taxes. To protect the continuity of the property, it is advantageous to give it to a foundation, the heirs working for a salary. They would not be better off if they continued to own the otherwise dissipated property.

Also, when a man has worked hard, used his skill and ingenuity to a maximum, accumulated a property which he cannot hand over to his heirs, he sets up a foundation during his life-time and uses his surplus for what he believes are good works.

When we think of foundations, the names Rockefeller, Carnegie, and Ford come to mind. These were set up by men who are now dead. The Sloan-Kettering Foundation, which is doing so much in cancer research, has been set up by men who are alive. Altogether there are between 6,000 and 7,000 foundations in the United States, of varying dimensions, with capital resources of \$7.5 billion and with annual grants amounting to at least \$300 million to a number of causes. The reason the figures are estimates is that all the facts about foundations are not known.

Two committees of Congress started investigations into the nature and operations of foundations with unsatisfactory results. The Cox Committee died on the vine when its chairman, Eugene Cox, became ill and passed on; the Reece Committee, headed by Representative Carroll Reece, became involved in extraneous matters and its report is still awaited.

The Reece Committee set out to do four things:

"1. To secure a full understanding of the ground covered by the Cox Committee as disclosed in the Hearings it held, the files it maintained, and the report it rendered.

"2. To determine the dimensions of the subject to be investigated and studied, and to satisfy myself, (Norman Dodd, Director of Research) as to its contents and its probable ramifications.

"3. To define the words: foundation, un-American, subversive, political, and propaganda, in the sense in which they are used in H. Res. 217 and, if possible, dispose of their controversial connotations.

"4. To familiarize myself (Norman Dodd) with the expressions of purpose customarily used in Foundation charters."

Naturally, in the present atmosphere in Washington, it hopped onto point 3 and bogged down on it because it became involved in hopeless controversy, particularly when a so-called expert was called upon to identify a few sentences from the "Rerum Novarum," I believe, and lacked the common sense to refuse to identify sentences taken out of context without being shown the document from which the sentences were read.

It is an old trick to read something from the Bible, the Declaration of Independence and the Constitution to support some form of radicalism. To use the Rerum Novarum" or the "Quadragesimo Anno" to prove that a Pope supported Marxist ideas is nonsense because no encyclical of any Pope of the Roman Catholic Church ever supported Marxism.

(Continued on Page Seven)

WASHINGTON — President Eisenhower has served notice on Labor that henceforth the federal government will handle only major disputes which jeopardize national well-being. The Labor Department and National Labor Relations Board will intervene only when labor-management controversies threaten national health and security.

No legislative enactment or revision of the Taft-Hartley Act was necessary to achieve this important shift in policy. It required merely a change of personnel and philosophy at the White House and within the two agencies entrusted with these responsibilities.

Under the old theory, and, of course, this Eisenhower philosophy is still to be tested in the courts, almost any commercial activity was deemed to fall under the heading of interstate commerce. Therefore, it was subject to federal jurisdiction, no matter how strained the judicial interpretation might be.

The NLRB was generally responsible for all this petty litigation because of the fact that it was so eager to get into the labor-management act.

Before Ike took command, Roosevelt-Truman pro-labor appointees were only too anxious to intervene in even the most minor difficulty. Their intervention ranged from the "sick chicken" incident, which resulted in the destruction of NRA, to Harry S. Truman's attempted seizure of the steel mills.

PHILOSOPHY — The NLRB, as reorganized by Eisenhower, has demonstrated its new policy in several generally unnoticed rulings. It has refused to take cognizance of disputes involving restaurants, gasoline stations and garages which handle used cars as a sideline.

The food, the gas and the auto-

mobiles may cross state lines and assume an interstate coloration, although of an extremely faint hue. But the reoriented NLRB thinks their operations are too limited, too unimportant in the vast stream of national business and industry, to warrant federal action.

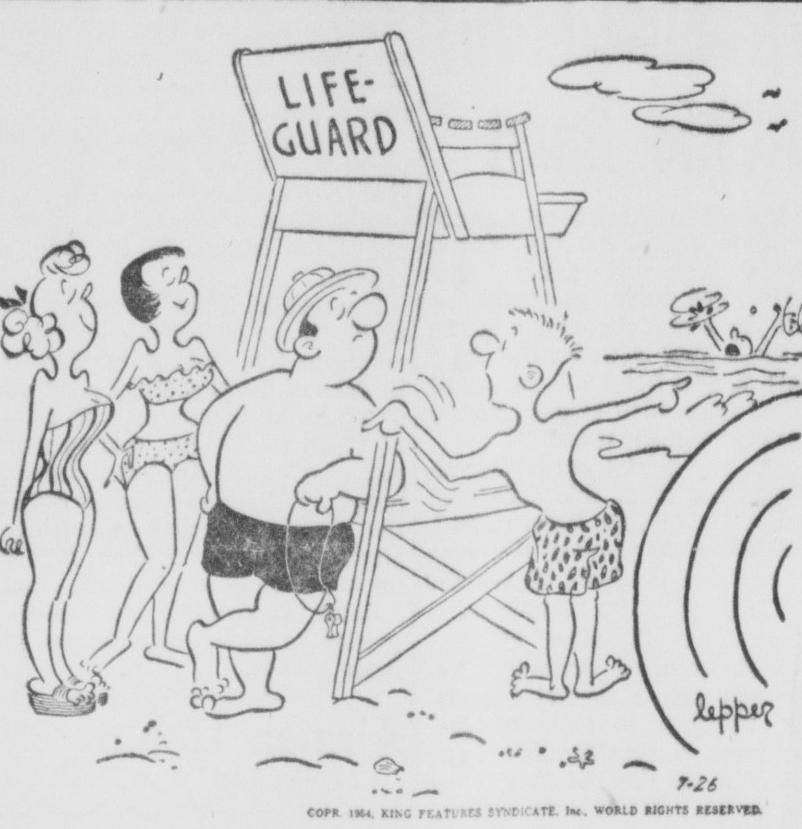

By contrast, the Roosevelt-Truman NLRB used to intervene in strikes involving a building, if the tenants sold their goods or services beyond the boundaries of the state in which the structure stood. And, strangely, the courts usually upheld the government in these borderline cases.

Fighting ends in Indochina with Vietnam being divided approximately as the Seventeenth Parallel. Let's hope that scratch on the map turns out to be a lot more peaceful than did the Thirty-Eighth up there in Korea.

### Climate Affects Heart

By HERMAN N. BUNDESEN, M.D.

EXTREMES of temperature and climate can bring on coronary heart attacks. Other illnesses, too, will vary with the warmth or chill of the surroundings in which we find ourselves.

In Northern States

In the northern part of the United States, the number of coronary heart attacks, due to the formation of a blood clot in the arteries supplying the heart, decreases during the summer months. This type of heart attack is much more frequent during the winter months in the north.

QUESTION AND ANSWER  
Mrs. G.: I have been diagnosed as an early diabetic. I have some varicose veins in my legs. Do you think I should have them operated on?

Answer: If your diabetes is well controlled, there is no reason why an operation of this type should not be done.

### CHAPTER THIRTY

WHEN he came in, Norman gave Cynthia a light kiss on her forehead, and he also kissed Roz. Cynthia was aware that the kiss had started her pulses racing, and she thought of the kiss Walt had given her, and how it had not seemed to reach her at all.

Norman had suggested that she make a comparison. Was that what she was doing?

Now the important issue was Nora. Over coffee, the two girls told Norman what had happened. Although, as Roz added, there was not much to tell.

If it had happened to anyone but Nora, Cynthia thought. If only they had suspected this sooner. She did not know what words came to her lips, but she began to pray that it still would not be too late.

"See if you can find her pulse—it will be mighty slow and feeble," Roz directed. "See how moist her skin is—and yes, the pupils of her eyes are dilated."

Cynthia, holding one of Nora's wrists, began to count slowly under her breath as she found the pulse beat. It was scarcely perceptible, yet it meant that there was hope.

"Get the coffee," Roz directed now. "Better make it hotter. And, Norman, put an arm around her and let's see if we can get her on her feet. We may be able to stimulate reflexes by walking her up and down."

"It's good you two are experienced nurses and know what to do," Norman said. "I wouldn't have had the faintest idea what treatment to give."

Had it not been for him, Cynthia thought, no treatment could have helped. Even now, so much time had elapsed that Nora had passed the first stages that morphine could produce and had entered almost the last.

Between them, Roz and Norman practically carried the unconscious girl, endeavoring to force her to take a step. Roz even began slapping her on either side of the face, and by forcing her mouth open, Cynthia managed to get some of the hot coffee down her, although much more spilled.

Roz jumped up, her face turning white. "Dear God," she said. For she knew, as Cynthia did, what an overdose of that could do.

Norman saw from the expression on both the young nurses' faces that they were now thoroughly alarmed. "There's only one thing to do." He got up from the table, too. "If we can't get some response from Nora, we'll have to break down the door."

"There isn't time to think about it," Roz commented grimly. She went to that closed door from behind which no sound had issued for so long. She knocked, not lightly, but firmly, repeatedly.

"Shouldn't we get her to a hospital?" Norman asked.

Roz said that that would be fine—if they could get her there quickly enough.

"But she might not be able to stand the exposure—she might not make it," Roz said. "Let's try artificial respiration . . . And perhaps she might do more than coffee because of the tannic acid."

Cynthia hurried to make some hot tea while Norman took instructions from Roz in giving artificial respiration. When Cynthia returned to the bedroom, she saw signs that Nora was beginning to respond, if only faintly. Perhaps if she progressed a little more it would be safe to try to move her to a hospital.

"Why don't you phone your friend, the police officer?" Norman asked.

"All I've got to say," Roz said firmly, her dark eyes beginning to smile again, "is that if you two don't make it a life partnership, you both should have your heads examined."

For now, although it had taken time, Roz could be glad that it was Cynthia Norman wanted. To heck with love; she, for one, would be able to get along without it.

Norman's answer was to tighten his arm around Roz's waist. Roz had promised to plug for him.

## NATIONAL WHIRLIGIG news behind the news

**INTENTIONS**—In several recent decisions and regulations, NLRB has done a Pontius Pilate act with respect to minor and local labor arguments. It has washed its hands of them.

NLRB informed the disputants that it intends to assume jurisdiction only when their quarrels involve interstate commerce business in a big way, whether the demand for federal intervention is lodged by labor or management.

Under the old theory, and, of course, this Eisenhower philosophy is still to be tested in the courts, almost any commercial activity was deemed to fall under the heading of interstate commerce. Therefore, it was subject to federal jurisdiction, no matter how strained the judicial interpretation might be.

The NLRB was generally responsible for all this petty litigation because of the fact that it was so eager to get into the labor-management act.

### Climate Affects Heart

By HERMAN N. BUNDESEN, M.D.

EXTREMES of temperature and climate can bring on coronary heart attacks. Other illnesses, too, will vary with the warmth or chill of the surroundings in which we find ourselves.

#### Northern States

In the northern part of the United States, the number of coronary heart attacks, due to the formation of a blood clot in the arteries supplying the heart, decreases during the summer months. This type of heart attack is much more frequent during the winter months in the north.

Various reasons have been suggested to explain this phenomenon. For one thing, there are more infections, such as colds, at that time of year, perhaps making the body more generally susceptible to the attacks.

(Copyright, 1954, King Features Syndicate, Inc.)

In the southern states or warm climates, it was found that coronary attacks showed their highest frequency during the extremely hot months of July and August. Thus, very hot or warm weather can also be an important factor in coronary heart attacks because of the difficulty the body has in adjusting to preserve a constant body temperature. The body goes through considerable strain which may act as a factor in causing the attack.

#### QUESTION AND ANSWER

Mrs. G.: I have been diagnosed as an early diabetic. I have some varicose veins in my legs. Do you think I should have them operated on?

Answer: If your diabetes is well controlled, there is no reason why an operation of this type should not be done.

CHAPTER THIRTY

WHEN he came in, Norman gave Cynthia a light kiss on her forehead, and he also kissed Roz. Cynthia was aware that the kiss had started her pulses racing, and she thought of the kiss Walt had given her, and how it had not seemed to reach her at all.

Norman had suggested that she make a comparison. Was that what she was doing?

Now the important issue was Nora. Over coffee, the two girls told Norman what had happened. Although, as Roz added, there was not much to tell.

"It if had happened to anyone but Nora," Cynthia said. She did not know what words came to her lips, but she began to pray that it still would not be too late.

"See if you can find her pulse—it will be mighty slow and feeble," Roz directed. "See how moist her skin is—and yes, the pupils of her eyes are dilated."

Cynthia, holding one of Nora's wrists, began to count slowly under her breath as she found the pulse beat. It was scarcely perceptible, yet it meant that there was hope.

"Get the coffee," Roz directed now. "Better make it hotter. And, Norman, put an arm around her and let's see if we can get her on her feet. We may be able to stimulate reflexes by walking her up and down."

"It's good you two are experienced nurses and know what to do," Norman said. "I wouldn't have had the faintest idea what treatment to give."

Had it not been for him, Cynthia thought, no treatment could have helped. Even now, so much time had elapsed that Nora had passed the first stages that morphine could produce and had entered almost the last.

Between them, Roz and Norman practically carried Nora down on a stretcher and lifted her into the ambulance. Roz said she would go with them. Norman hailed a passing taxi and he and Cynthia followed in it.

They did not try to make conversation. Norman took her hand and held it firmly, comfortingly, between both of his. She was grateful for his silence, his strength. It gave her a feeling that, somehow, everything would turn out all right. Nora just could not die.

And though it took several more hours of treatment after Nora had been placed under hospital care, finally the house physician, who had taken charge, was able to tell Nora's friends that she had been saved.

Cynthia was so grateful that her prayers had been answered that she cried unashamedly. In fact, on their way home, in another taxi, she put her head on Norman's broad shoulder and had a good cry.

"I wish I could borrow the other one," Roz said. She wished she could weep; but she was too exhausted.

Norman slid an arm around her waist. "Thank the good Lord for gals like you two," he said.

"It's you we have to thank," Cynthia said.

She had vowed never to give way to tears before Walt again. But with Norman, it was different. He didn't expect a woman always to remember that she was a nurse.

"All I've got to say," Roz said firmly, her dark eyes beginning to smile again, "is that if you two don't make it a life partnership, you both should have your heads examined."

For now, although it had taken time, Roz could be glad that it was Cynthia Norman wanted. To heck with love; she, for one, was able to get along without it.

Norman's answer was to tighten his arm around Roz's waist. Roz had promised to plug for him.

## Junior 4-H Club Members Camp At Tar Hollow Park

### Senior Session Begins Monday

The annual 4-H camp season is progressing at the Tar Hollow Camp site near Adelphi. Two hundred and two members from Ross and Pickaway Counties attended the Junior camp which ended with lunch Friday. The Pickaway representation was 87 girls and 30 boys. The camp was directed by agents from each county who were assisted by 4-H counselors.

Each day's program was devoted to swimming, outdoor and indoor recreation, vespers, creative activities and a campfire session by the tribal divisions of Mohawks, Senecas, Cherokees, and Blackfeet.

Charles Brown of Circleville Route 2 served as the Great Chief for all campfires and was assistant lifeguard for swimming. The creative activities were lanyards, leather link belts, kaleidoscopes, 4-H signs and lamps.

At the conclusion of each camp there is a traditional candlelight service at which the King and Queen, or representative spirits of 4-H, are ceremoniously crowned. The king and queen are elected from boy and girl representatives selected from each tribe as club members showing a true 4-H camp spirit.

Those from Pickaway County in this group were Judy Thompson, Mohawk, Williamsport Route 2; Roger Schneider, Cherokee, Circleville Route 4; Jole Skinner, Cherokee, New Holland Route 2; and Nancy Wilson, Blackfoot, Circleville Route 1.

Nancy Wilson, daughter of Mr. and Mrs. Philip Wilson, was elected Queen of the camp group. The King was Charles Wood of Ross County.

The evening recreation period was under the direction of Ronald and Barbara Culp of Circleville. Other volunteer counsellors assisting with the programs were: Edith Defenbaugh, and Louise Clark, Flag ceremonies; Dottie List and Marvina Reichelderfer, dining room supervision; Linda Wilson, Vespers; Louise Clark and Dottie List, daily program directors.

Edith Defenbaugh assisted with the kaleidoscope craft and camp mail. She and Barbara Culp were the Pickaway representatives on the daily cabin check teams.

The senior camp with a similar routine is being held Monday through Friday.

Dottie List was chairman of a camp delighting service for tribal recognition during the last evening at camp. She was assisted by Sidney Graves and Tom Kline of Ross County.

### Personals

A picnic supper will be held at 6 p.m. Thursday at the home of Mrs. Robert M. Barnes of 578 E. Main St. for members of GOP Booster club.

Mrs. Harry Riffle, Miss Betty Riffle, Mrs. Edwin Brumfield, and Mrs. William Madden, all of E. High St., left Sunday for a week's vacation in the Eastern states.

Mrs. D. C. Rader of S. Court St. was hostess to a chicken dinner Sunday honoring Mrs. Belle Jenkins Kuhn on her birthday anniversary. Mrs. Maggie Morris also was a guest for the occasion.

Trailmakers class of Calvary Evangelical United Brethren church will hold an annual picnic at 6 p.m. Thursday at Ted Lewis Park.

Mr. and Mrs. J. R. Downs of N. Court St. returned Saturday from a two-week fishing trip at Sioux Narrows, Ontario. Upon their return trip, they visited Winnipeg and points of interest in North Dakota.

### Florence-Riegel Rites Are Read At Cedar Hill

Miss Phyllis Florence, daughter of Mr. and Mrs. Benjamin Florence of Circleville became the bride of Gregg Riegel, son of Mr. and Mrs. Raymond Riegel of Amanda Route 1.

Only the immediate families were present for the ceremony, which was performed July 17 in the Cedar Hill Evangelical United Brethren church with the Rev. Walter Whitaker officiating.

Mrs. Isaac Thomas served as hostess to a pre-nuptial shower honoring Miss Florence. Assisting hostesses were Mrs. W. O. Riegel, Mrs. Boyd Spangler and Mr. Charles Thomas.

Games and contests followed opening of gifts by the honored guest. Traditional bridal cake was featured at the refreshment table.

Guests included: Miss Florence, honored guest, Mrs. Frank Hinson, Mrs. Marie Williamson and daughter, Bernice, Mrs. Ralph Hedrick, Mrs. Glen Hedrick, Mrs. Camden Cooper and daughter, Mary, Mrs. Fred Bates and Mrs. Barton Presler of near Lancaster.

Mrs. Benjamin Florence, Mrs. Lois Jane Presler and Mrs. Kenneth Riegel of Circleville, Mr. S. Kirby Kern, Mrs. Frank Kull, Mrs. Ruth Boerstler, Mrs. Corinth Williamson, Mrs. Dicie Leist and daughters, Rosemary and Nancy.

Mrs. Walter Whitaker, Mrs. Roy Riegel, Mrs. Boyd Fausnaugh, Mrs. Wilbur Allen, Mrs. Ray Heffner, Mrs. Robert Barr, Mrs. John Peters, Mrs. William McCain, Mrs. Arthur Cromley, Mrs. Glenn Winter, Mrs. Raymond Riegel, Mrs. Sterlie Edwards and daughter, Beverly, and Mrs. Stewart.

Mrs. Hugh Huffer, Mrs. Ray Fausnaugh, Mrs. Edna Hiatt, Mrs. Talmadge Riegel, Mrs. Kenneth Rittering, Mrs. Herbert Ruff, Mrs. Effie Barr, Charlene, Betty and Floyd Thomas, Dorothy Bosworth, Mrs. F. L. Clay, Mrs. John Clay, Mrs. Austin Hurley, and the hostesses.

Saltcreek 4-H Sewing Club Holds Sessions

Community projects were discussed at a regular meeting of Saltcreek Victory Stitchers 4-H Club held in Saltcreek school. Janie Hockman gave a demonstration following the business session. Refreshments were served by Patty Strous.

Judging Day was announced for Aug. 14 at a club meeting when members worked on projects. Patty Strous brought a maple tree which was planted in the school yard. Refreshments were served by Ann Swartz.

Rebecca Collins was appointed to present a health program at a meeting of the club held in the school. Plans were made to attend Junior camp at Tar Hollow. Following the meeting, refreshments were served by Patty Hockman.

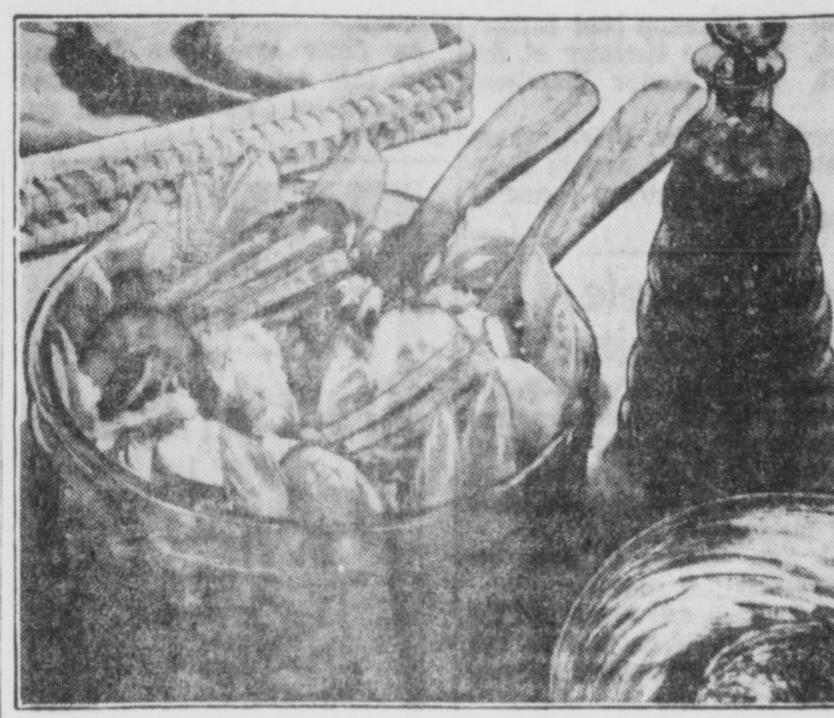

Nosebag lunches were enjoyed by club members at an all-day project meeting of the club. A recreation period was enjoyed during the afternoon session.

The club made plans to hold a tour of Gold Cliff Park during a

### Try Prize Tomato-French Dressing

**Y**OU take the prize—in glowing praise—when you offer a cool inviting salad to summer guests. Complete the salad with a tangy Tomato-French Dressing and guests will heap the praises high.

Of all the dressings of this type, the lasting leader seems to be this version made with tomato soup.

Best cooks invariably have this kind in their recipe collection. Many cookbooks feature it too. Now right from the test kitchens of the manufacturers of tomato soup here's a much tried and perfected way to make Tomato-French Dressing. And note how many kinds of salads gain goodness from this subtle sharp dressing:

**Tossed Greens Potato Sliced Tomatoes Sliced Egg Shrimp Russian Cottage Cheese and Green Pepper**

Tomato-French Dressing  
2 tablespoons sugar ½ cup vinegar (½ cup plus 2 tablespoons)  
2 tablespoons dry mustard ½ cup oil (½ cup plus 1 teaspoon salt ½ cup canola oil (½ cup plus ½ teaspoon pepper 2 tablespoons  
1 can (1 lb.) tomatoes 2 tablespoons minced onion  
condensed tomato soup

Combine dry ingredients in a 1-quart jar; add remaining ingredients and shake well. Store in refrigerator until needed; shake well before using. Makes about 3 cups dressing.

**Garlic Style:** Add 2 medium cloves garlic (mashed) to basic recipe.

**Blue Cheese Style:** Add ¼ cup crumbled blue cheese to basic recipe.

**Lemon Style:** Add 4 teaspoons grated lemon rind to basic recipe.

**Herb Style:** Add 2 teaspoons ground herb (rosemary, sage, savory, sweet marjoram, or thyme) to basic recipe. First mix herb with small amount of dressing and blend; add rest of dressing and shake well.

#### —SOUP SCOOPS—

**Top Spaghetti With Vienna Sausage:** A meal in mere minutes is yours when you combine cans of spaghetti and Vienna sausage. Keep some "spares" of these two products on your kitchen shelf or at the weekend cottage—then you're always prepared to "hurry up" a meal. First brown the sausages (1 can) in a little hot shortening. Remove them from the pan and put in 2 cans (about 3½ cups) of spaghetti in tomato sauce. Add a cup or so of cooked corn if you like. When piping hot, serve scoops of spaghetti topped with browned sausage. Good alongside is pear and cottage cheese salad.

**regular meeting held in the school. A project demonstration was given by Diana Allen and Patty and Janey Hockman served refreshments.**

Patty Hockman and Patty Strous gave demonstrations at a recent session of the club. Rebecca Collins was appointed to plan a health program for the next meeting, which is to be held Tuesday in Saltcreek School.

## Rosemary Strawser Becomes Bride Of Charles T. Weaver

Mr. and Mrs. William Strawser of 403 E. Franklin St. are announcing the marriage of their daughter, Rosemary, to Charles T. Weaver, son of Mr. and Mrs. Elmer Weaver of Clarksburg.

A double ring ceremony was performed at 10:30 a.m. Saturday in the First Evangelical United Brethren church with the Rev. Fred Ketterer officiating.

The bride, given in marriage by her father, chose a powder blue

dress for her wedding. Her accessories were in white and she wore a corsage of white rosebuds.

Attendants for the couple were Miss Rebecca Strawser, sister of the bride, and Jack Howard, brother-in-law of the groom.

Immediately following a reception held in the home of the bride's parents, the couple left on a wedding trip to Niagara Falls. Upon their return, they will reside at 403 E. Franklin St.

The new Mrs. Weaver is a graduate of Circleville High School and is employed by Agriculture Stabilization and Conservation office. Mr. Weaver attended Clarkburg High School and is employed by DuPont Company.

You Heat with Gas--

Now You Can Cool with Gas!

### The Amazing New Servel Summertime GAS Air Conditioner

- Connects to your present heating pipes\*
- Cools your entire house
- Operates on Gas, the ideal automatic fuel
- Costs surprisingly little

The Servel Summertime Gas Air Conditioner is not a window cooler or a night fan. It is a complete central cooling system that pours cool, dry, refreshing air into every room of your house. This single unit, operated by Gas, is installed alongside your present warm air furnace, and can, in most cases, be hooked up to present heating pipes.

Servel Summertime Gas Air Conditioning costs less than the many window coolers that would be needed to do so thorough a cooling job. It costs less to operate, too! Just as Natural Gas is the ideal fuel for heating — so is it ideal for cooling. Only Gas can cool your home so well for so little.

# World Today

By James Marlow  
Associated Press  
News Analyst

WASHINGTON (AP) — President Eisenhower's proposed 50-billion-dollar highway program for the next 10 years, huge as it seems, would be only part of the money spent on roads in that time. The total would be over \$7 billion.

The \$7 billion wouldn't all come out of the U.S. Treasury. Only about half of it would. The states would have to put up the rest. But the proposal was only a gleam in Eisenhower's eye.

It was a suggestion he tossed to the governors at their recent annual meeting in New York State to get thinking started on this country's road needs. He was guessing at what such a program would cost.

Sometime next year he may be able to offer Congress a specific program after the government's Bureau of Public Roads finishes an estimate, perhaps by February, on what it would cost to build needed new roads and improve existing ones.

The government helps states now under what is called a federal aid system, begun in 1916. The money given by the government must be matched by the states, generally on a 50-50 basis.

Any money used under this aid system, federal and state, must go only into construction of new roads and improvement of old ones. Then the states must maintain them. The federal government has to give its approval when any of its money is used.

Any additional road building or repairing — that is, roads outside the aid system — must come out of the pockets of the states, counties, cities and towns.

This year the government is giving the states \$75 million dollars. For each of the next two years it will give \$75 million.

The Bureau of Public Roads estimates the federal government, the states, the counties and local communities will spend altogether around \$6½ billion dollars a year. That's for construction, maintenance, administration and retirement of debt.

Of that \$6½ billion, \$3,730,000,000 will be spent on construction alone — new roads, improving existing ones — by the federal government, states, counties and local communities. That would be, if costs didn't go higher than they are now, \$37,300,000,000, over the next 10 years.

What Eisenhower suggests is that \$5 billion dollars be spent over those same 10 years in addition to the \$37,300,000,000 or a total of \$87,300,000,000 in the next decade for construction.

In this country there are about 3½ million miles of roads and streets. Of this total, 288,000 miles are local city streets and 2,962,000 miles are rural roads. A rural road is anything outside the jurisdiction of a city.

Of the total rural roads and city streets — 3½ million miles — the federal aid system includes only 672,000 miles in what are called the primary and secondary systems.

The primary roads — 218,000 miles in rural areas, 16,000 miles in city streets — are supposed to be roads of major importance. That's a total of 234,000 miles of primary roads.

The secondary roads are of lesser importance, like school bus routes. They total 438,000 miles. The federal aid money is given for building and improving primary and secondary roads.

Of the 234,000 miles of primary roads, the American Assn. of Highway Officials estimates 65 per cent are in need of improvement. About

DOES THIS MASS PARACHUTE JUMP by 450 airborne infantrymen over the U. S. Naval academy's dairy farm mean they're getting in shape for one of those "milk runs" the flyers talk about? They are members of the 1st Battalion, 188th Infantry Regiment, 11th Airborne Division, stationed at Fort Meade, Md. The dairy farm is at Gambill's, Md. Casualties, only a couple of sprained ankles.

## Annual Fayette County Fair Scheduled To Open Tuesday

WASHINGTON C. H. — Fayette County was about ready today to take its place in the spotlight — its annual county fair opens tomorrow for a five-day run.

Fair directors report that all indications point to one of the most outstanding expositions staged here in years.

Three departments drawing special advance praise are the junior fair, livestock shows and harness racing program.

What will probably turn out to be the most outstanding single feature of the fair will be the junior fair livestock auction. It is booked for Friday night and all prize winners will go on the block.

Thursday night has been set aside for the annual livestock parade, a highlight of the livestock department. On display will be entries from both open competition and the junior fair.

More than 400 youngsters from county and town will compete in the junior fair. Displays will include not only livestock but other projects developed by 4-H Club members.

## Woman Trucker Tops 3 Champs

GREEN BAY, Wis. (AP)—A lady trucker who was not an entry drove through the obstacle course and scored more points than any of the men yesterday in the Wisconsin State Truck Driving Contest.

After three men, including one four-time champion were picked as top drivers in a field of 47, someone urged Mrs. Bernice MacDonald, part-owner of a Ripon, Wis., trucking firm, to try out one of the trucks. She piloted the big vehicle through the course and was awarded 330 out of a possible 400 points.

The best effort by the three champions was 328.

## Grieving Widow Feared Drowned

NEWPORT, Ky. (AP)—Mrs. Joan Baird, 29, whose husband accidentally drowned when a motorboat overturned in the Ohio River last April, threw herself into the river at approximately the same spot last night and was presumed drowned.

She jumped from the second deck of the Harrison boat harbor, Dayton, Ky., the operator of the harbor, Mrs. Madge Harrison, said.

Friends said Mrs. Baird, whose last known address was in Newport, had threatened suicide several times.

## Elderly Couple Finally Reunited

CUMBERLAND, Md. (AP)—Police received a report yesterday that an elderly man had walked out of the woods on Wills Mountain and said his wife had become lost while berry picking.

Desk Sgt. Charles C. Roby began organizing a search.

Soon another call came in. The caller said an elderly woman had just reported her husband missing on Wills Mountain.

Mr. and Mrs. Frank McMullen, both in their 70s, were reunited at the police station after police officers were sent to pick them up.

## World Today

By James Marlow  
Associated Press  
News Analyst

WASHINGTON (AP) — President Eisenhower's proposed 50-billion-dollar highway program for the next 10 years, huge as it seems, would be only part of the money spent on roads in that time. The total would be over \$7 billion.

The \$7 billion wouldn't all come out of the U.S. Treasury. Only about half of it would. The states would have to put up the rest. But the proposal was only a gleam in Eisenhower's eye.

It was a suggestion he tossed to the governors at their recent annual meeting in New York State to get thinking started on this country's road needs. He was guessing at what such a program would cost.

Sometime next year he may be able to offer Congress a specific program after the government's Bureau of Public Roads finishes an estimate, perhaps by February, on what it would cost to build new roads and improve existing ones.

The government helps states now under what is called a federal aid system, begun in 1916. The money given by the government must be matched by the states, generally on a 50-50 basis.

Any money used under this aid system, federal and state, must go only into construction of new roads and improvement of old ones. Then the states must maintain them. The federal government has to give its approval when any of its money is used.

Any additional road building or repairing — that is, on roads outside the aid system — must come out of the pockets of the states, counties, cities and towns.

This year the government is giving the states \$75 million dollars. For each of the next two years it will give \$75 million.

The Bureau of Public Roads estimates the federal government, the states, the counties and local communities will spend altogether around \$6 billion a year. That's for construction, maintenance, administration and retirement of debt.

Of that \$6 billion, \$3,730,000,000 will be spent on construction alone — new roads, improving existing ones — by the federal government, states, counties and local communities. That would be, if costs didn't go higher than they are now, \$37,300,000,000, over the next 10 years.

What Eisenhower suggests is that \$7 billion dollars be spent over those same 10 years in addition to the \$37,300,000,000 or a total of \$87,300,000,000 in the next decade for construction.

In this country there are about 3½ million miles of roads and streets. Of this total, 288,000 miles are local city streets and 2,962,000 miles are rural roads. A rural road is anything outside the jurisdiction of a city.

Of the total rural roads and city streets — 3½ million miles — the federal aid system includes only 672,000 miles in what are called the primary and secondary systems.

The primary roads — 218,000 miles in rural areas, 16,000 miles in city streets — are supposed to be roads of major importance. That's a total of 234,000 miles of primary roads.

The secondary roads are of lesser importance, like school bus routes. They total 438,000 miles. The federal aid money is given for building and improving primary and secondary roads.

Of the 234,000 miles of primary roads, the American Assn. of Highway Officials estimates 65 per cent are in need of improvement. About

### Annual Fayette County Fair Scheduled To Open Tuesday

WASHINGTON C. H. — Fayette County was about ready today to take its place in the spotlight — its annual county fair opens tomorrow for a five-day run.

Fair directors report that all indications point to one of the most outstanding expositions staged here in years.

Three departments drawing especial advance praise are the junior fair, livestock shows and harness racing program.

What will probably turn out to be the most outstanding single feature of the fair will be the junior fair livestock auction. It is booked for Friday night and all prize winners will go on the block.

Thursday night has been set aside for the annual livestock parade, a highlight of the livestock department. On display will be entries from both open competition and the junior fair.

More than 400 youngsters from city and county will compete in the junior fair. Displays will include not only livestock but other projects developed by 4-H Club members.

### Woman Trucker Tops 3 Champs

GREEN BAY, Wis. (AP) — A lady trucker who was not an entrant drove through the obstacle course and scored more points than any of the men yesterday in the Wisconsin State Truck Driving Contest.

After three men, including one four-time champion were picked as top drivers in a field of 47, someone urged Mrs. Bernice MacDonald, part-owner of a Ripon, Wis., trucking firm, to try out one of the trucks. She piloted the big vehicle through the course and was awarded 330 out of a possible 400 points.

The best effort by the three champions was 328.

38,000 miles of those 234,000 miles of primary roads are the interstate network, the main arteries of the nation's highway system.

## Chesty Star Denise Darcel Asks Attention Be Focused On Talent

By HAL BOYLE  
NEW YORK (AP)—Denise Darcel, who once sold Camembert on the streets of Paris, is now weary of American cheesecake.

Not cheesecake, the food, but cheesecake, the art form. She says she positively no longer will pose in the chesty postures that first won her attention when she arrived here in 1946, billed as "the most beautiful girl in France."

Denise thinks that kind of publicity almost busted up her career.

She feels there are at least 1,000 girls in America who could match her in the cheesecake realm merely by drawing a deep breath.

"At first I do this because they told me to, and I doan know better," she said. "Now I know better. I have something else. I have talent. I want to perfection my career. I like to be the dramatic actress and to do the comedy. When you can make the people to laugh, you can also make them to cry."

Denise has proved her point. After flopping in Hollywood initially, she got a job behind a sales counter in Beverly Hills and started working her way up in show business all over again.

Today she gets up to \$5,000 a week in night clubs, co-starred in the film, "Veta Cruz" and now has a top spot in the Friday night TV show, "Gamble on Love."

But if you want to be her bosom buddy, don't praise her figure, even though she has trimmed off 25 pounds. Praise her historical knowledge. She had to quit school and go to work at 12. Now she is brushing up on her education by taking morning classes at Hunter College in European and American history.

"I want to be a bright woman," she said earnestly over a

corned beef and cabbage luncheon at the Plaza. "And I just love history. Do you think sometime they will teach me about a gyp?"

"A gyp? What gyp?"  
"No, no, no. Not a gyp. Ee-gyp where they have the Pyramids and the dead mummies."

Just to see if she really were studying her history book, I asked her what happened in the year 1066.

"The battle of Hastings—Weel-yam the conqueror, he weep Eengland," she said triumphantly. "Now you tell me—wot happen in 1649?"

I couldn't think of a thing.

"The Toleration Act by Lord Baltimore was signed," she said. "It givess religious freedom in Maryland."

Denise, who wore a very high-necked polka dot dress with a demure white collar, insisted she was really vexed about the glamour girl publicity buildup which she believes got her off to a false start in this country.

"I was very upset when eet was printed that I said that if monney grows on trees, then I weel be weeding to marry an ape."

This definition is too narrow. Suppose an agent of a foreign government, while accepting and supporting the Constitution, penetrates into an official position, obeys all the rules and regulations, but gives to his activities a twist which harms the United States. I will cite the Aesopian phrase, "Agrarian Reformers," invented by Communists to confuse the American people and to twist American policy to be favorable to the Chinese Communists. Surely this does not involve an unconstitutional act; it

### Sokolsky's These Days

(Continued from Page Four)

Norman Dodd gives the following definition for "un-American and Subversive."

"Any action having as its purpose the alteration of either the principle or the form of the United States Government by other than constitutional means. (This definition is derived from a study of this subject made by the Brookings Institute. . . .)"

This definition is too narrow. Suppose an agent of a foreign government, while accepting and supporting the Constitution, penetrates into an official position, obeys all the rules and regulations, but gives to his activities a twist which harms the United States. I will cite the Aesopian phrase, "Agrarian Reformers," invented by Communists to confuse the American people and to twist American policy to be favorable to the Chinese Communists. Surely this does not involve an unconstitutional act; it

is simply a lie, knowingly repeated until it is believed by important persons who can affect public opinion or public policy.

It would seem to be that no worthwhile investigation of the foundations can be made to fit inadequate definitions. If a committee of Congress wants to investigate the foundations, it should first get the facts and then evaluate them from the data, not from a set of definitions.

### Carl Standingdeer Dies At Age 73

CHEROKEE, N.C. (AP)—Carl Standingdeer, once called "America's Most Photographed Indian," was buried near here yesterday. A cluster of photographs which made Standingdeer famous draped the coffin.

Hundreds from 12 states attended the 73-year-old full-blooded Cherokee's funeral. One of Standingdeer's most famous remarks was:

"Standingdeer hasn't got much money, but Standingdeer has many friends."

**HOLDING** a miniature sack of grain in his hand, U. S. Agriculture Secretary Ezra Taft Benson is shown in his Washington office, where he indicated he is unwilling to resort to direct subsidy payments for the dairy industry in spite of congressional inclination to give him that authority. He indicated he does not want to initiate a plan whereby the government would make direct payments to farmers or processors so they could sell at competitive prices and still reap higher support prices. (International)

### 2 Britons Killed By Red Guerrillas

SINGAPORE (AP)—Ambushed by Communist guerrillas as they toured a palm oil estate in Johore state, two Britons were killed and three were wounded yesterday.

The wounded included Christopher Shawcross, brother of former British Atty. Gen. Sir Hartley Shawcross.

Those killed were W. A. Gibson, 56, manager of the estate, and P. Gregoire, 39, an official of the Colonial and Federal Building Society.

The guerrillas opened fire as the Britons drove along a road 25 miles from Singapore. Police fire finally drove off the Reds.

### 103 Are Arrested At Rooster Fight

FULTON, N.Y. (AP)—State troopers arrested 103 persons at a cock fight in a densely wooded area near this central New York city yesterday.

Dr. Robert P. Williams, 52, of Rutland, Vt., suffered a fatal heart attack at the scene. Police said he was among the spectators.

Police said 108 birds were confiscated.

Since Denise looked so svelte, I told her she really owed it as a matter of loyalty to the fans of her cheesecake past to let them know if she still felt in shape after dieting off 25 pounds.

"Well," she said, laughter lighting up the blue candles of her eyes, "I am a size 14 dress upstairs, a size 10 dress in the middle, and a size 12 dress downstairs or do you say in the basement? Anyway, where you wear the skirt, the blouse is upstairs."

The point is this: a personal loan can bail you out of a financial jam... pay medical or dental bills—provide funds for ANY worthwhile purpose.

Just come in for a chat with one of our friendly advisors. He'll be glad to arrange a loan to meet your needs and work out payments that slip right into your budget.

"Well," she said, laughter lighting up the blue candles of her eyes, "I am a size 14 dress upstairs, a size 10 dress in the middle, and a size 12 dress downstairs or do you say in the basement? Anyway, where you wear the skirt, the blouse is upstairs."

Since Denise looked so svelte, I told her she really owed it as a matter of loyalty to the fans of her cheesecake past to let them know if she still felt in shape after dieting off 25 pounds.

"Well," she said, laughter lighting up the blue candles of her eyes, "I am a size 14 dress upstairs, a size 10 dress in the middle, and a size 12 dress downstairs or do you say in the basement? Anyway, where you wear the skirt, the blouse is upstairs."

## Chesty Star Denise Darcel Asks Attention Be Focused On Talent

By HAL BOYLE

NEW YORK (AP)—Denise Darcel, who once sold Camembert on the streets of Paris, is now weary of American cheesecake.

Not cheesecake, the food, but cheesecake, the art form. She says she positively no longer will pose in the chesty postures that first won her attention when she arrived here in 1946, billed as "the most beautiful girl in France."

Denise thinks that kind of publicity almost busted up her career.

She feels there are at least 1,000 girls in America who could match her in the cheesecake realm merely by drawing a deep breath.

"At first I do this because they told me, and I doan know better," she said. "Now I know better. I have something else. I have talent. I want to be perfection in my career. I like to be the dramatic actress and to do the comedy. When you can make the people to laugh, you can also make them to cry."

Denise has proved her point. After flopping in Hollywood initially, she got a job behind a sales counter in Beverly Hills and started working her way up in show business all over again.

Today she gets up to \$5,000 a week in night clubs, co-starred recently in the film, "Veta Cruz" and now has a top spot in the Friday night TV show, "Gamble on Love."

But if you want to be her bosom buddy, don't praise her figure, even though she has trimmed off 25 pounds. Praise her historical knowledge. She had to quit school and go to work at 12. Now she is brushing up on her education by taking morning classes at Hunter College in European and American history.

"I want to be a bright woman," she said earnestly over a

corned beef and cabbage luncheon at the Plaza. "And I just love history. Do you think sometime they will teach me about a gyp?"

"A gyp? What gyp?"

"No, no, no. Not a gyp. Eee-gyp where they have the Peerless mounds and the dead mummies."

Just to see if she really were studying her history book, I asked her what happened in the year 1646.

"The battle of Astings—Wee-yam the concurred, he weep Eengland," she said triumphantly. "Now you tell me—wot happen in 1646?"

I couldn't think of a thing.

"The Toleration Act by Lord Baltimore was signed," she said. "It geeves religious freedom in Maryland."

Denise, who wore a very high-necked polka dot dress with a demure white collar, insisted she was really vexed about the glamour girl publicity buildup which she believes got her off to a false start in this country.

"I was very upset when it was printed that I said that if monney grows on trees, then I weel be weeling to marry an ape."

"I reely wan' to marry and have babies, but I don't ask any husband to support me. All my life, since I am 12, I work. I much rather to be happy in a small cafe with a man I love than in El Morocco with a reech man I don't love."

Somebody at the table sneezed; somebody else murmured, "God bless you."

"Do you know why they say, 'God bless you?'" asked Denise. "A few hundred year ago when somebody sneeze it was a symptom of the bubonic plague. And people make the sign of the Cross and say 'God bless you,' because they theenk he is dyng."

"I theenk I learn that in school or was it in a taxi? I forgot who tolle me. But when you make a hiccups, nobody say 'God bless you.' So why if you make a sneeze?"

Since Denise looked so svelte, I told her she really owed it as a matter of loyalty to the fans of her cheesecake past to let them know if she still felt in shape after dieting off 25 pounds.

"Well," she said, laughter lighting up the blue candles of her eyes, "I am a size 14 dress upstairs, a size 10 dress in the middle, and a size 12 dress downstairs or do you say in the basement? Anyway, where you wear the skirt. The blouse is upstairs."

### Sokolsky's These Days

(Continued from Page Four)

Norman Dodd gives the following definition for "un-American and Subversive."

"Any action having as its purpose the alteration of either the principle or the form of the United States Government by other than constitutional means. (This definition is derived from a study of this subject made by the Brookings Institute....)"

This definition is too narrow. Suppose an agent of a foreign government, while accepting and supporting the Constitution, penetrates into an official position, obeys all the rules and regulations, but gives to his activities a twist which harms the United States. I will cite the Aesopian phrase, "Agrarian Reformers," invented by Communists to confuse the American people and to twist American policy to be favorable to the Chinese Communists. Surely this does not involve an unconstitutional act; it

is simply lie, knowingly repeated until it is believed by important persons who can affect public opinion or public policy.

It would seem to be that no worthwhile investigation of the foundations can be made to fit inadequate definitions. If a committee of Congress wants to investigate the foundations, it should first get the facts and then evaluate them from the data, not from a set of definitions.

### Carl Standingdeer Dies At Age 73

CHEROKEE, N.C. (AP) — Carl Standingdeer, once called "America's Most Photographed Indian," was buried near here yesterday. A cluster of photographs which made Standingdeer famous draped the coffin.

Hundreds from 12 states attended the 73-year-old full-blooded Cherokee's funeral. One of Standingdeer's most famous remarks was:

"Standingdeer hasn't got much money, but Standingdeer has many friends."

**HOLDING** a miniature sack of grain in his hand, U. S. Agriculture Secretary Ezra Taft Benson is shown in his Washington office, where he indicated he is unwilling to resort to direct subsidy payments for the dairy industry in spite of congressional inclination to give him that authority. He indicated he does not want to initiate a plan whereby the government would make direct payments to farmers or processors so they could sell at competitive prices and still reap higher support prices. (International)

### 2 Britons Killed By Red Guerrillas

SINGAPORE (AP)—Ambushed by Communist guerrillas as they toured a palm oil estate in Johore state, two Britons were killed and three were wounded yesterday.

The wounded included Christopher Shawcross, brother of former British Atty. Gen. Sir Hartley Shawcross.

Those killed were W. A. Gibson, 56, manager of the estate, and P. Gregoire, 39, an official of the Colonial and Federal Building Society.

The guerrillas opened fire as the Britons drove along a road 25 miles from Singapore. Police finally drove off the Reds.

103 Are Arrested At Rooster Fight

FULTON, N.Y. (AP) — State troopers arrested 103 persons at a cock fight in a densely wooded area near this central New York city yesterday.

Dr. Robert P. Williams, 52, of Rutland, Vt., suffered a fatal heart attack at the scene. Police said he was among the spectators.

Police said 108 birds were confiscated.

The point is this: a personal loan can bail you out of a financial jam... pay medical or dental bills—provide funds for ANY worthwhile purpose.

Just come in for a chat with one of our friendly advisors. He'll be glad to arrange a loan to meet your needs and work out payments that slip right into your budget.

### Producer, Actress Wed In Hollywood

HOLLYWOOD (AP) — Film producer Stanley Rubin and Actress Kathleen Hughes were married last night at the home of the bride's uncle, F. Hugh Herbert.

The ceremony was performed by Superior Court Judge Stanley Mosk. Rubin, 36, and Miss Hughes, 25, postponed their honeymoon until Rubin recovers from an ear infection.

### Rhee, Spellman To Speak To VFW

PHILADELPHIA (AP) — President Syngman Rhee of Korea will share the rostrum with Francis Cardinal Spellman at the opening of the Veterans of Foreign Wars National Encampment here Aug. 1.

Rhee will speak at a memorial service honoring America's war dead.

## Ralph Starkey Asked To Play In All-Star Tilt

An invitation to play in the National Professional League-College All-Star game had to be reluctantly turned down by Ralph Starkey, son of Mr. and Mrs. Chester Starkey of Circleville Route 4.

A telegram from Arch Ward, sports editor of the Chicago Tribune and originator of the classic event, requested Starkey to join the squad. However, Mrs. Starkey pointed out that Ralph is now a Lieutenant stationed at Fort Knox, Ky. She said the Army would not give Ralph permission to play.

Ralph is a former Circleville High School star athlete who went on to West Virginia University to add more laurels to his athletic wreath. He played in the Sugar Bowl game last New Year's Day. He recently graduated from college into the Army.

## Sport Briefs

Mike Nazaruk of North Bellmore, Long Island, New York, yesterday won the 50-lap spring car feature at the Dayton Speedway.

Akron today has the state's invitational amateur tennis doubles title. Bob Hibousen and L. C. Shofner, both of the Rubber City, defeated Bill Rathbun and Bob Brown of Toledo, 6-3, 6-0, to win the crown. In the semifinals, the Akron pair eliminated Mac Maffett and Ken Rupp of Middletown, 6-2, 6-1.

James L. Cooke of New Carlisle yesterday was named head basketball coach at Northwestern High School in Clark County. A 1952 graduate of Defiance College, he succeeds Vaughn Taylor who was inducted into the armed forces last week.

Fewer fans showed up at River

## Tommy Bolt Wins Friends In PGA Test

ST. PAUL Minn. (AP) — Tommy Bolt, a perfectionist among golf pros who can't understand why the galleries don't admire perfection, figures he made a lot of friends out on Keller course.

At least, he was around to meet Chick Harter, the man who persuaded him not to walk out on the tournament, in one of today's semifinals of the PGA Championship. He wasn't hanging from a tree, as he had predicted.

The other 36-hole semifinal was fought together defending champion Walter Burkemo and former Open champion Cary Middlecoff.

Bolt, whose temper operates on a hair trigger, battled anger and Sam Sneed yesterday and finally won out over both.

Halfway through the match he threatened to walk out because of what he called unfair treatment by the galleries. But Harter persuaded him to continue.

After a couple of club-throwing tantrums and an incident on the 18th green, when a few spectators applauded a missed Bolt putt, Tommy angrily proclaimed that he wouldn't tee off in the afternoon.

"They treat Sneed like a favorite son; if I won they'd probably hang me from the nearest tree," he said.

But before the finish, the fans were cheering Bolt for his dogged persistence in sticking with the favorite and at the end he used one of his rare smiles, saying: "I guess I made some friends out there this afternoon."

Downs race track in 1954 than in 1953 and less money was bet. The track announced yesterday the 44-day meet attracted 288,401 persons this season compared with 312,317 last year. Wagering through last Saturday totaled \$12,492,797, which is 1.5 per cent less than last year.

Marilyn Smith of Wichita, Kan., playing the golf tournament circuit for the fifth year, pocketed her first top prize today—a \$700 check for winning the Fort Wayne Women's Open.

## Indians Gain New Respect In AL Race

### Tribe Fails To Wilt In Series Against Mighty Yankee '9'

By The Associated Press

The Cleveland Indians failed to sweep the Yankee series in New York yesterday but they have gained a new-found respect all over the American League.

Back home today after a successful road trip, the league-leading Indians found the home town fans talking pennant for the first time this season. Before, when they returned home in first place, the cynical Cleveland populace would greet them like this:

"Why get steamed up? They will win the big ones. They will beat the Yankees. Especially in New York. They'll blow it again down the stretch."

The Indians arrived in New York Friday with a thin half-game edge over the Yankees and left Sunday night a game and a half ahead. That was not exactly wilting.

The Yankees nipped the Indians 4-3 in 11 innings yesterday but the Tribe's satisfaction over victories Friday and Saturday was not dimmed.

Casey Stengel, Yankees' manager, muttered: "This has got to go down to the last weeks. Cleveland is not going to blow up. They got too many good players for that."

The Indians are obviously a much better club than the one that finished second to the Yankees in 1951, 1952 and 1953. As Stengel pointed out: "For the first time in years they've got a strong bench and good second-line pitching to back up the big three."

In the National League, the New York Giants' lead was whittled down to four games yesterday as the second-place Brooklyn Dodgers defeated St. Louis 2-1 while the Milwaukee Braves were walloping the Giants 7-5 for a sweep of the three-game series. The Dodgers meet New York at Ebbets Field tonight.

Chicago's surprising Cubs downed Philadelphia twice, 6-1 and 2-1. Pittsburgh and Cincinnati divided a doubleheader, the Pirates winning the opener 4-2 and the Redlegs taking the nightcap 3-2.

Chicago's third-place White Sox climbed to within six games of the pace-setting Indians in the American, sweeping a twin-bill from Boston 5-2 and 4-2. Jack Harshman, rookie Chicago left-hander, struck out 16 Red Sox batters — two short of Bob Feller's major league record — in the opener.

Washington protected its fourth-place hold by beating the Detroit Tigers 11-3. Frank (Spec) Shea won his first game of the season. Philadelphia's Athletics buried the North team, 8-4, in Nelsonville. It was also the second annual all-star game. Last year the South won, 2-1.

scored a St. Louis run and filled the bases. Jim Hughes replaced Labine and struck out Rip Repulski on three pitches to save his 17th game for the Dodgers.

Andy Pafko drove in three runs with his 11th homer and a bases-loaded single to spark the Braves to their third straight victory over the Baltimore Orioles deeper in the cellar with 9-4 and .46 victories.

Bob Talbot's ninth-inning single followed Dee Fondy's run-producing double in a two-run rally that gave the Cubs a 2-1 victory over the Phillies and a sweep of the double-header.

Pitcher Howie Judson won his own game with a tie-breaking single in the seventh to give the Redlegs a split after Frank Thomas had paced Pittsburgh to a first-game victory with a homer and three singles.

The White Sox followed up performance by defeating an old nemesis — Ellis Kinder — in the second game with a two-run seventh inning rally that broke a 2-2 tie.

Clem Labine, making his second start of the season for Brooklyn, outpitched Harvey Haddix, Cardinal ace. Labine permitted four singles and no runs through the first eight innings but hits by Ray Jablonski and Red Schoendienst and walks to Stan Musial and Joe Cunningham after two were out

## Major Loop Owners Eye New Problem

NEW YORK (AP)—Major League club owners held their annual mid-summer meetings today and the executives had to worry not only about new player demands but a problem from within as well.

Hank Greenberg, general manager of the Cleveland Indians, has come up with the revolutionary idea that American and National League clubs play interleague games to count in

## Ralph Starkey Asked To Play In All-Star Tilt

An invitation to play in the National Professional League-College All-Star game had to be reluctantly turned down by Ralph Starkey, son of Mr. and Mrs. Chester Starkey of Circleville Route 4.

## Indians Gain New Respect In AL Race

Tribe Fails To Wilt In Series Against Mighty Yankee '54

By The Associated Press

The Cleveland Indians failed to sweep the Yankee series in New York yesterday but they have gained a new-found respect all over the American League.

Back home today after a successful road trip, the league-leading Indians found the home town fans talking pennant for the first time this season. Before, when they returned home in first place, the cynical Cleveland populace would greet them like this:

"Why get steamed up? They never win the big ones. They wilt before the Yankees. Especially in New York. They'll blow it again down the stretch."

The Indians arrived in New York Friday with a thin half-game edge over the Yankees and left Sunday night a game and half ahead. That was not exactly wilting.

The Yankees nipped the Indians 4-3 in 11 innings yesterday but the Tribe's satisfaction over victories Friday and Saturday was not dimmed.

Casey Stengel, Yankees' manager, muttered:

"This has got to go down to the last weeks. Cleveland is not going to blow up. They got too many good players for that."

The Indians are obviously a much better club than the one that finished second to the Yankees in 1951, 1952 and 1953. As Stengel pointed out: "For the first time in years they've got a strong bench and good second-line pitching to back up the big three."

In the National League, the New York Giants' lead was whittled down to four games yesterday as the second-place Brooklyn Dodgers defeated St. Louis 2-1 while the Milwaukee Braves were wallowing the Giants 7-5 for a sweep of the three-game series. The Dodgers meet New York at Ebbets Field.

URBANA (AP)—The St. Paris Lakers, handed Newton Falls team its first defeat of the season last night, 8-4, in the National Baseball Congress state tournament. The defeat spoiled a 17-0 record for Newton Falls.

In the second game, Beulah Park of Columbus defeated Waverly Reds, 6-3.

Eight teams remain in the running in the double-elimination tournament which started July 7 with 20 teams. Semifinals begin Aug. 1.

Chicago's surprising Cubs downed Philadelphia twice, 6-1 and 2-1. Pittsburgh and Cincinnati divided doubleheader, the Pirates winning the opener 4-2 and the Redlegs taking the nightcap 3-2.

Chicago's third-place White Sox climbed to within six games of the pace-setting Indians in the American, sweeping a twin-bill from Boston 5-2 and 4-2. Jack Harshman, rookie Chicago left-hander, struck out 16 Red Sox batters—two short of Bob Feller's major league record—in the opener.

Washington protected its fourth-place hold by beating the Detroit Tigers 11-3. Frank (Spec) Shea won his first game of the season. Philadelphia's Athletics buried the Baltimore Orioles deeper in the cellar with 9-4 and 46 victories.

Cleveland enjoyed a 3-1 lead over the Yankees until the seventh.

Mike Garcia, seeking his 13th victory, was chased in that inning when the Yankees tied the score on pinch hitter Eddie Robinson's double with the bases loaded.

Rookies Bob Grim of New York and Ray Narleski of Cleveland battled on even terms from the eighth until the 11th, when the Yankees filled the bases on walks to Mickey Mantle and Gene Woodling and an infield single by Irv Noren. Andy Carey hit past a drawn-in infield to break up the game.

Bob Talbot's ninth-inning single followed Dee Fondy's run-producing double in a two-run rally that gave the Cubs a 2-1 victory over the Phillies and a sweep of the double-header.

Pitcher Howie Judson won his own game with a tie-breaking single in the seventh to give the Redlegs a split after Frank Thomas had paced Pittsburgh to a first-game victory with a homer and three singles.

The White Sox followed up performance by defeating an old nemesis—Ellis Kinder—in the second game with a two-run seventh inning rally that broke a 2-2 tie.

A seven-run eighth inning in the first game and a four-run seventh in the second enabled the Athletics to come from behind twice against the Orioles.

## Major Loop Owners Eye New Problem

NEW YORK (AP)—Major League club owners held their annual mid-summer meetings today and the executives had to worry not only about new player demands but a problem from within as well.

Hank Greenberg, general manager of the Cleveland Indians, has come up with the revolutionary idea that American and National League clubs play interleague games to count in the standings.

Most of the owners shuddered at the thought and Greenberg's proposal had little chance of getting even a lukewarm reception.

"It would spice the schedule," Greenberg said. "In a year where one team makes a runaway of the race, more or less killing off fan interest, an interleague schedule would help keep baseball alive."

"Fans in Cleveland read about the Musial, Kiner, Robinsons and other stars in the National League, but never get to see them. An interleague schedule would bring them all into Cleveland. I see nothing detrimental about it."

Each club in one league would play each club in the other league four times—two games at home and two away. Greenberg said it has worked out fine in the National Football League between the Eastern and Western conference teams.

The winter baseball problem also faced the owners. With the players, it is a matter of dollars and cents. They want to negotiate directly with the clubs in the Caribbean leagues, and, further, demand permission for an unlimited number of players in the loops.

Casey Stengel, Yankees' manager, muttered:

"This has got to go down to the last weeks. Cleveland is not going to blow up. They got too many good players for that."

The Indians are obviously a much better club than the one that finished second to the Yankees in 1951, 1952 and 1953. As Stengel pointed out: "For the first time in years they've got a strong bench and good second-line pitching to back up the big three."

In the National League, the New York Giants' lead was whittled down to four games yesterday as the second-place Brooklyn Dodgers defeated St. Louis 2-1 while the Milwaukee Braves were wallowing the Giants 7-5 for a sweep of the three-game series. The Dodgers meet New York at Ebbets Field.

URBANA (AP)—The St. Paris Lakers, handed Newton Falls team its first defeat of the season last night, 8-4, in the National Baseball Congress state tournament. The defeat spoiled a 17-0 record for Newton Falls.

In the second game, Beulah Park of Columbus defeated Waverly Reds, 6-3.

Eight teams remain in the running in the double-elimination tournament which started July 7 with 20 teams. Semifinals begin Aug. 1.

Chicago's surprising Cubs downed Philadelphia twice, 6-1 and 2-1. Pittsburgh and Cincinnati divided doubleheader, the Pirates winning the opener 4-2 and the Redlegs taking the nightcap 3-2.

Chicago's third-place White Sox climbed to within six games of the pace-setting Indians in the American, sweeping a twin-bill from Boston 5-2 and 4-2. Jack Harshman, rookie Chicago left-hander, struck out 16 Red Sox batters—two short of Bob Feller's major league record—in the opener.

Washington protected its fourth-place hold by beating the Detroit Tigers 11-3. Frank (Spec) Shea won his first game of the season. Philadelphia's Athletics buried the Baltimore Orioles deeper in the cellar with 9-4 and 46 victories.

Cleveland enjoyed a 3-1 lead over the Yankees until the seventh.

Mike Garcia, seeking his 13th victory, was chased in that inning when the Yankees tied the score on pinch hitter Eddie Robinson's double with the bases loaded.

Rookies Bob Grim of New York and Ray Narleski of Cleveland battled on even terms from the eighth until the 11th, when the Yankees filled the bases on walks to Mickey Mantle and Gene Woodling and an infield single by Irv Noren. Andy Carey hit past a drawn-in infield to break up the game.

Bob Talbot's ninth-inning single followed Dee Fondy's run-producing double in a two-run rally that gave the Cubs a 2-1 victory over the Phillies and a sweep of the double-header.

Pitcher Howie Judson won his own game with a tie-breaking single in the seventh to give the Redlegs a split after Frank Thomas had paced Pittsburgh to a first-game victory with a homer and three singles.

The White Sox followed up performance by defeating an old nemesis—Ellis Kinder—in the second game with a two-run seventh inning rally that broke a 2-2 tie.

A seven-run eighth inning in the first game and a four-run seventh in the second enabled the Athletics to come from behind twice against the Orioles.

## Chiso Hurler Misses Record

BOSTON (AP)—Jack Harshman of the Chicago White Sox, who couldn't make the grade with the New York Giants as a first baseman, has added a near-record 16-strikeout performance to his impressive first season as a major league pitcher.

The 6-foot-2 left-hander struck out 16 Boston Red Sox batters in hurling a five-hit, 2-0 victory in the first game of a double-header yesterday. He fell two short of the modern big league strikeout mark of 18 by Cleveland's Bob Feller in 1938.

Towee, 26, had trouble making

## South African Slated For Debut

NEW YORK (AP)—Vic Towee, former world bantam champion, makes his American debut tonight as a lightweight against Carmelo Costa, Brooklyn featherweight.

Towee, 26, had trouble making

the 118-pound bantam limit and was knocked out twice by Jimmy Carruthers, who since has retired. The South African hopes to shoot for the lightweight title in his new campaign. Costa is unbeaten in 24 fights with 21 victories and 3 draws.

A male horse has 40 teeth, a female horse 36.

# Nation's Real Heroes Snort At Loose Sale Of War Medals

## Many Emblems Go For Price In Hock Shops

Loose Regulations Cheapen Honors, Damage Morale

In Pickaway County and everywhere else there must be quiet but vigorous snorts of disgust from the servicemen and war veterans when they read about incidents like last week's fiasco at the Wilkins Air Force Depot.

According to wire service reports, bronze and sterling silver medals were piled up by the case-loads to be sold at auction—as “brass.” Apparently it was all just another honest mistake made in hurried preparations for a sale of surplus equipment but the whole deal serves to accent a sour note in the general subject of war medals.

Long before the World War II boys began snickering about “hock-shop heroes”, and notorious draft-dodgers even went around the country giving lectures on their “heroic war deeds”, it became apparent the nation’s memory is far too short when it comes to wartime citations. Some of the highest awards the nation can hand to the true heroes are also available in the honky-tonk stores of any large city.

Simple goons who never even saw an enlistment center or draft board office have been known to parade in public with enough “fruit salad” across their fronts to shock a general or admiral. Almost any soldier or sailor, past or present, can tell you about them.

There are two big reasons why the forces get away with it:

(1) Nobody cares enough to set up and enforce hard penalties against those caught wearing military emblems to which they are not entitled. The civilian population just yawns that “somebody ought to do something about it” and figures somebody will. Military rules are also lax.

(2) The real guys and girls who earned the treasured tokens are rarely of the type who will speak out against the counterfeits. They figure if that is all the nation cares about its “distinguished citations”, there is no reason why they should risk appearing selfish about it.

And meanwhile, the medals that once meant so much are bartered around like political campaign buttons or trinkets to adorn somebody’s Hallowe’en costume.

Some distant day perhaps the nation’s conscience will begin hurting so much on the subject that to wear a war hero’s decorations illegally will land the fake in prison for a stiff term. Or maybe the whole mess will get so bad the medal-makers will just rule out everything and start over.

But in the meantime it is an interesting detail for those who study morale in the armed forces, and wonder why some of the boys can never quite understand the privilege of wearing a uniform, and the bright little bits that can be won—or bought—to go with it.

THE AVERAGE mayor sooner or later gets plenty of chances to tie a couple in wedlock. But Mayor Bob Hedges of Circleville already has a most unusual case to his credit. He performed the ceremony in a funeral parlor!

MEMO TO MAX: Sure enough, the suspenders with the clips instead of the buttons look neater. But did you ever know that if you happen to carry two armloads of bundles with sharp-edged packages

in a certain way, you can accidentally knock open those front clips—real sudden-like, and at the corner of Franklin and Court?

**STRAWS IN THE Wind:** They’re looking up some of the fine-point legal technicalities on the stray dog ordinance. And at least one petition is being signed on the late-night restaurant hassle.

THE CIRCLEVILLE Federation of Organized Husbands is reconciled to the fact that it cannot do much about wives who run around town to the auctions and then come home with everything from a broken egg-beater to a hand-operated, collapsible vacuum sweeper which works on batteries.

Members of the organization, however, are said to be considering a firm stand on picture frames. Indeed, some of them claim they

do actually have to stand on them to reach their living room after every public sale.

There is something about a picture frame which sets off a mysterious spark in womanhood. No matter whether it is a moth-eaten, push-lined creation around a blary sunset or a gigantic golden square that looks as though it may have once held Custer’s Last Charge back of a bartender—they are all “splendid buys” to the girls who gather around and try to shoot the highest price.

Truly this is a menace which, if ignored long enough, can barricade every street in the city with picture frames which “we might need sometime.” It is a peril which, if allowed to grow without challenge, can pile picture frames high on every dining room chair.

Alert, men! The hour may be close at hand! Do not be a mouse about this thing. Throw the next picture frames back out the door, and in defiant manner shout: “Thirty-seven of these things around the house is enough!”

WHEN THE fellow tidying up the mid-city restaurant happened to glance at the electric clock he gave a quick double-take, glanced around to see who else was watching, and then gulped twice. But a closer look proved it was really true.

The crazy, mixed up thing was running backward, and the minute sweep-hand had already worked its way back one-half hour in the wrong direction!

THE TOWN’s lawmakers said they were willing to give Sam, the city hall janitor, a raise in pay. But when it was pushed in with a pay boost for a whole department, Council nixed the whole thing—and tossed aside the ordinance which had been drawn up for Sam himself.

Another request, for Sam only they say around city hall, might be more successful.

NOTES TO Aunt Hilda: One or more clerks can only be expected to wait on so many customers on a busy afternoon or evening. Maybe the place you mention ought to hire another clerk or two for the sake of more business—and then we would all be happy.

FAST TALK in the Great American Home:

## Right-Wing GOP Gets Blame For U.S. Policy In Indochina

ANCHORAGE, Alaska (AP)—Adlai Stevenson, commenting on the Indo-china peace settlement signed in Geneva last week, yesterday charged that right-wing Republicans have “successfully identified negotiation with appeasement.”

In his only major speech on an Alaska vacation, the Democratic standard bearer in the 1952 presidential campaign said of the settlement: “This is the sorry sequel of all the foolish, boastful Republican talk about liberation of the enslaved nations, about unleashing Chiang Kai-shek, seizing the initiative, a new look on foreign policy, no more little wars as in Korea, and, finally, that threatening talk by the secretary of state and the vice president about massive atomic retaliation which scared our Allies half to death.”

“All these bold words and ringing slogans of the past two years sound a little hollow now.”

“THE ‘NEW LOOK’ collapsed at the first test. The administration was not prepared to fight, nor could it negotiate, because the right-wing Republicans have successfully identified negotiation with appeasement.”

“Unable to fight, unable to negotiate, unable even to speak with a coherent tongue, U. S. foreign policy defaulted and France salvaged what she could out of the endless, weary war in Indo-china.”

Not only did the Communists add valuable and strategic area to their domain, Stevenson said, but

up from the front porch while the husband listens on the stairway.) “What’s that? What do you want to see him for? Win or lose?” was killed when he dropped the gun and it discharged. The bullet hit his stomach.

Police said bricklayer William Holley, 32, pulling a revolver to back up an argument in a barbershop yesterday,

was killed when he dropped the gun and it discharged. The bullet hit his stomach.

## Indiana To Study Toll Road Setup

INDIANAPOLIS (UPI)—An Indiana survey commission will visit four major toll road states this week to study filling stations and restaurants along turnpikes.

The former governor of Illinois said the Indo-china settlement, which calls for the partition of Viet Nam into Communist and pro-Western halves, ended the shooting but Communist China “has staked out another menacing salient into free Asia and enveloped 13 million people.”

(Editor’s Note: As Stevenson spoke, the Red-backed rebels in Indo-china resumed fighting, driving far below the dividing line set by the truce.)

“In Indo-china,” Stevenson said, “the West suffered its worst disaster since the loss of China.”

The blame, “the original sin,” for the “misfortune” in Indo-china rests with France, Stevenson said. Noting that England and Holland, at the conclusion of World War II, granted independence to many of their Asian possessions and by so doing prevented Nationalist uprising which the Communists would exploit, Stevenson said: “Had France done likewise and granted genuine independence in orderly, sincere stages to Viet Nam there very likely would have been no war in Indo-china.”

But he said the “blame for the collapse of our policy in Asia remains ours.”

“And, he warned, “we shall fail again and again unless we profit from this experience.”

## Bullet Kills Man

CLEVELAND (UPI)—Police said bricklayer William Holley, 32, pulling a revolver to back up an argument in a barbershop yesterday, was killed when he dropped the gun and it discharged. The bullet hit his stomach.

Nearly one million, 100 thousand household electric light bulbs are sold in the United States each year.
